### INDUSTRIES OF GERMANY

#### To Force Payments of Nation's Debts; American Attitude is Feared by Europe; Tax on Coal Wanted.

(EXCLUSIVE DISPATCH.)  
MEXICO CITY, April 19.—Fire, the mysterious origin of which was investigated by the authorities, last night destroyed three theaters in Mexico. The loss is estimated at between \$50,000 and \$80,000. While the actual monetary damage is small, the authorities are exercised over the fact that the third mysterious fire along the border this week.

A big saloon adjoining the burned buildings was threatened and there was a rush to take the wet goods to a place of safety.

By dominating the chief source of wealth in Germany, France means to obtain the money due the Allies. Under Brind's plan, the Allies will demand tribute of the Ruhr cities that French troops will occupy after May 1, if Germany defaults in her payments of the 12,000,000,000 gold marks due that date, to pay the expenses of the occupation.

The first month they will exact between 3,000,000 and 4,000,000 gold marks. The expenses thereafter are expected to be less.

TAX ON COAL.  
On every ton of coal that goes through the Allied customs ring around the industrial region of Westphalia they will place a tax of between 10 and 25 gold marks. French leaders are hesitating between these two figures.

Brind's plan also calls for other measures to force Germany to yield to the Allied terms, including an agreement by which the Allies will prevent coal from reaching Germany from the Ruhr.

All these plans are to be gone over at the Hythe conference. Marshal Poch, Gen. Weygand, Gen. Berthelot, and probably Louis

## BODY FOUND MAY BE THAT OF AVIATOR

### Airplane and Mangled Remains Located in Mexico by Rancher Near Boundary

(BY A. P. NIGHT WIRE.)  
MEXICO CITY, April 19.—A body believed to be that of a lost American aviator has been found near Tzuc de los Ladrones, State of Coahuila, within ten miles of the international boundary. This information was transmitted today to the War Office by Gen. Amaro, chief of military operations in the northern zone.

The body was found by a ranchman near a wrecked airplane lying on the American flag, and had been mangled beyond identification by birds and wolves.

Gen. Amaro was instructed to communicate with Maj. Gen. Dickman at San Antonio. The War Office said it was possible that the body was that of a pilot of the wrecked machine had found his way only by bad luck across the border.

The newspapers in reporting the incident, renewed their criticism of American aviators—crossing the border.

## EX-EMPRESS LAID TO REST.

### Former German Princes and Army Leaders Attend Funeral at Potsdam.

(BY CABLE AND ASSOCIATED PRESS.)  
POTSDAM (Germany), April 19.—It was the Germany that has passed which laid Augusta Victoria, former Empress, to rest today in the antique temple, surrounded by forest trees faintly showing their new leaves. Old men and women predominated among the mourners. Most of the thousands of officers who lined the roadway leading to the mausoleum were men of years, many wearing the uniform and decorations of former wars.

It was the demolished empire and the demoralized rulers of various principalities once forming the German federation, which gathered. And it was chiefly the men and women of the old regime, who cheered Von Hindenburg, Liden-Sdorf and Von Mackensen after the ceremony.

Germany's new government offered no objection to a ceremonial funeral; neither did it officially participate, further than to send troops to police the grounds through which it is estimated 50,000 persons passed to view the body lying in state. No funeral attended by so many persons could be any quieter or more peaceful.

The demonstrations in honor of Von Hindenburg and other prominent military leaders, which followed the services, were the only evidence of the deep political feeling underlying the occasion.

Dr. Dryander, former court chaplain, read the One Hundred and Twenty-sixth Psalm and preached from the text "they that sow in tears shall reap in joy."

## AFRICAN MISSIONARY DIES OF TYPHOID.

### ELGIN (Ill.) April 19.—Rev. J. H. B. Williams, 38 years old, of Elgin, an elder of the Church of Christ, died of typhoid, according to a telegram received today.

## LADDIE BOY TO HEAD PARADE.

Accepts Invitation to Act as Grand Marshal of Annual Procession in May.  
(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 19.—Laddie Boy, President Harding's pet dog, will formally assume the leadership of Washington canines when he heads an animal parade to be held May 11 under the direction of the Humane Education Society. Announcement that Laddie Boy had accepted the invitation was made today.

## GIRL BANDIT IS OLD HAND AT BUSINESS.

"Pretty, but Could Handle a Gun." Man Who Loses Taxi Tells Police.  
(EXCLUSIVE DISPATCH.)  
CHICAGO, April 19.—A "flapper" bandit early today stole \$254, a leather overcoat, a uniform cap and a taxicab from Alfred Furno, a taxicab driver. The girl and two men hailed Furno and asked to be driven to an address on the South Side. When about half way they signaled that they wanted to stop. The girl got out first, and asked how much the bill was and Furno told her it was \$2.50.

"You're a robber," said the girl, "but you've got the wrong number this time. We're robbers, too." As she spoke, she reached into a fashionable handbag and pulled out a pistol. Without a quiver of hand or face, she pointed the muzzle of the gun into Furno's ribs and ordered him from the car. Harriet, a girl, followed him out, while the girl ordered Furno to hand one of them his cap and the other his coat. The girl handed 50 cents to Furno for carriage. With one of the men at the wheel the car sped off.

"She was as pretty as they make," Furno told the police. "But, oh, man, she knew how to handle a gun. She stuck me up just as pretty as you please—and I thought she was just a flapper who shouldn't have been out so late."

## MILLS INCREASE SCHEDULE.

### YOUNGSTOWN (O.) April 19.—Operation of steel mills in this district will be slightly over 10 per cent by tomorrow, according to an announcement of resumption made at mill offices today.

## LIVERPOOL IN DISTRESS.

### Coal Strike Adds to Port's Misfortunes, Says Lord Mayor.

(BY CABLE—EXCLUSIVE DISPATCH.)  
LIVERPOOL, April 19.—The White Star Line is maintaining its trans-Atlantic service entirely with American coal and fuel obtained from New York. Importation of American and even German coal is well-nigh impossible. The docks lined with idle steamships—trade depression and unemployment is greater than it has been for fifty years—indicate the condition of Liverpool.

Lord Mayor Taylor, in commenting on the situation, said: "The coal strike adds to the depression of Liverpool's misfortunes. The jobbers' strike, which was commenced last month and is still continuing, has forced ships to go to foreign ports for completion. Forty-two British ships are now receiving finishing and repairing in Antwerp, Cherbourg and Hamburg."

## HUNDREDS EMIGRATE.

"Hundreds of skilled shipwrights are emigrating as a result of the unemployment. The slump in shipbuilding has caused freights to drop to their prewar scale, but wages and other costs have not been lowered with the result that hundreds of shipwrights are unemployed. The business of the port is greatly depressed."

## GLOOMY OUTLOOK.

"Naturally I am an optimist, but I do not see any signs of brightness and I am fearful of what the next year will bring forth. I only hope that the future trade unions will become flexible, taking in former service men at reduced wages and in numbers proportionate to the unemployment."

Americans familiar with Mersey knew it when it was jammed with traffic tugs, ferries and proud steamers. Today the river is deserted of life, save for an occasional tug or steamer. The business of the port is the lowest in its history. The Coal Controller is enforcing a rigorous rationing of bunker coal. Coal service is reduced to a minimum through necessity.

## DECLARES BRITAIN ADAMANT AGAINST REPUBLIC; MILITARY REPRISALS ALL AUTHORIZED

(BY CABLE AND ASSOCIATED PRESS.)  
LONDON, April 19.—Premier Lloyd George defends the government's policy in Ireland and cites the American Civil War as providing an exact parallel for the situation there, involving the fundamental principle of union or secession, in his reply made today to the recent memorial sent him by nine Anglican bishops and the heads of the principal nonconformist churches in Great Britain.

In this memorial the signers denounced the Archbishop of Canterbury's protest in the House of Lords against reprisals in Ireland and pleaded for a truce.

## KEEP SCUM IN EUROPE. AIRPLANES DEMANDED

### Not Wanted Here, Hughes's Edict. Harding Insists on Best Equipment.

Secretary Says Those Who Would Rush to America are Undesirable Ones. Declares Air Service to be Inseparable from Our National Defense.

## Calls on Congress to Make Restrictions so Rigid as to End Trouble.

### Would Stimulate Invention and Develop Commercial Aviation Plans.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 19.—Rigid restriction of immigration was recommended today by Secretary Hughes in official documents transmitted to Congress.

They were introduced by Congress leaders as reflecting increased need for immediate passage of the immigration bill reported today by the House committee, limiting admission of aliens for fourteen months, beginning May 10 to 3 per cent of each nationality resident in the United States in 1910. Debate will begin tomorrow.

"Our restriction on immigration should be so rigid," said Mr. Hughes's report, "that it would be impossible for most of these people to enter the United States." Reference was made to undesirable classes from Balkan states, Armenia, Russia and Germany.

## FUNDS ONLY BAR.

The report said 695,332 passport visas were granted by American Consuls in Europe for 1920, reflecting a stimulated desire to emigrate to America before anti-immigration laws were passed. The principal restraining influence was said to be lack of funds.

The director-general of police of Rumania, the report said, "has issued an order excluding Jews from military service and permitting their discharge from the army if they desire to emigrate to America."

## HUSBAND'S FEARS ARE CONFIRMED.

### Body of Wife Found in Water After Threat That She Would Commit Suicide

(EXCLUSIVE DISPATCH.)  
NEW YORK, April 19.—Fears of Benton Mackaye that his wife, Mrs. Jessie Hardy Stubbs Mackaye, would carry out her suicide threat, were confirmed today with the finding of her body in East River off Broadway, Astoria, L. I. Mr. Mackaye reported to the police yesterday that his wife, prominent in Chicago and known nationally for her efforts in behalf of suffrage, fled while they were at the Grand Central Terminal. When she disappeared, she cried to him that she intended to commit suicide.

Mrs. Mackaye's body had been in the water about two hours when recovered late yesterday. At first the body was thought to be that of Mrs. Annette Rankine, the rich widow who disappeared about three weeks ago. Confusion over description the police had of Mrs. Mackaye prevented earlier identification. Charles S. Whitaker, Mrs. Mackaye's friend, said that Mrs. Mackaye, made the identification today.

According to arrangements made by Mr. Whitaker, services will be held at St. Paul's funeral parlors tomorrow morning, after which the remains will be taken to Fresh Pond for cremation. No information concerning the disposition of the ashes was forthcoming. Mr. Mackaye stated that cremation would be included in accordance with the living wishes of Mrs. Mackaye.

## NUMBER ALLOWED.

The 3 per cent immigration based on the 1910 census will permit in one year the following immigration from the various countries of Europe:

Northwestern Europe: Belgium, 14,200; Denmark, 14,400; France, 33,200; Germany, 75,000; Netherlands, 38,200; Norway, 12,100; Sweden, 19,500; Switzerland, 17,400; United Kingdom, 77,200. Total, Northwest Europe, 202,200.

Outside Northwestern Europe: Austria, 58,100; Bulgaria, 24,000; Czechoslovakia, 16,100; Greece, 20,300; Italy, 46,500; Portugal, 17,800; Rumania, 19,700; Spain, 600; Russia, 51,900; Turkey, in Europe, 347; Turkey, 17,900.

Total outside Northwestern Europe, 152,200. Grand total, 354,400.

All immigration from the so-called barred Asiatic zone is prohibited. Tourists, students, professional men and students are not to be included in the figures given above. The bill is to become effective May 10, 1921, and remain in effect until June 30, 1922.

## KAGEGEBI IS DEAD, AGED 110.

### Oldest Indian in Wisconsin Passes Away at Home of Johnny Gregg.

(BY A. P. NIGHT WIRE.)  
BIRCHWOOD (Wis.) April 19.—Ka-Ge-Ge-Bi, oldest Indian in Wisconsin, aged 110, is dead at the home of his grandson, Johnny Gregg, at Round Lake.

## BOGGS MEASURE IS DEAD ISSUE.

Reapportionment Beaten for Present Session.

Los Angeles Delegation Scores Senator Allen.

Administration's Influence Is Seen in Move.

BY KYLE D. PALMER.

SACRAMENTO, April 19.—Reapportionment is a dead issue in the State Legislature, and as members speculated today on the probability of a special session to consider this problem so vital to the southern part of the State, Los Angeles city and county legislators joined in warm denunciation of Senator Newton M. Allen of Los Angeles as the man most responsible for postponement of reapportionment consideration.

Following a course that had been anticipated by the Southern California members, the Senate late this afternoon adopted by a vote of 26 to 9, a resolution by Senator Isman postponing further consideration of reapportionment matters for the remainder of this session. The resolution requested the Governor to call a special session, date not given or suggested.

ADMINISTRATION MOVE.

A desire on the part of the State administration to defer reapportionment consideration to a later date, many legislators to be primarily responsible for the postponement move, which, it is admitted, will receive strong support in the Assembly.

Gov. Stephens, according to all accounts, maintained a neutral attitude, although it is not denied that his advisors and lieutenants were willing, if not anxious, that the matter should go over.

Misstatements against Senator Allen developed to a remarkable degree today among Los Angeles county assembly members, his action last night in voting with the San Francisco city and county delegations opposing reapportionment being credited with the anti-reapportionment group's victory today.

His act was compared to that of Randall's ten years ago, although it was asserted that Allen's vote "was the more disloyal as Randall's vote only to deprive Los Angeles city of proper representation in order to favor Los Angeles county, while Allen must shoulder responsibility for depriving the entire South of its just due."

ORDERS BENTON OUT.

Allen last night, directed the Senators, making immediate consideration of the Boggs reapportionment bill, voting with the opponents of the bill, who sought, in order to gain time, to refer the bill back to committee for amendment. He was warned by other Los Angeles legislators that his action might imperil the entire situation, but he refused to reconsider his action and became so hostile in his attitude that he ordered Assemblyman Richmond P. Benton to leave his desk, announcing that he would have a sergeant-at-arms eject Benton from the Senate floor.

Various members of the Los Angeles delegation today were outspoken in expressing their disapproval over the sudden termination of the reapportionment consideration and were equally frank in censuring Allen.

ALL BLAME ALLEN.

"Senator Allen's vote must be held to be largely instrumental in defeating the reapportionment at this time," said Senator Charles W. Lyon of Venice.

Senator Harry Chamberlain of Los Angeles asserted that "Senator Allen's vote resulted in the Boggs bill going back to committee at a time when supporters of the bill had every reason to believe that they could, by prolonging the fight, obtain its passage. Allen stepped in at the crucial moment, and to my

satisfaction, proved his disloyalty to the south."

Allen's vote lost us our opportunity by throwing the bill back into committee and giving our opponents ample time to mass their strength and defeat action until a special session is called, Dr. Chamberlain said.

Assemblyman Hurley of the Alameda delegation said that the north would like to adopt Allen and would be delighted if Los Angeles would send up an entire delegation just like him.

Assemblyman Hurley of the Alameda delegation said that the north would like to adopt Allen and would be delighted if Los Angeles would send up an entire delegation just like him.

"The administration," in the opinion of Assemblyman Frank P. Merriam, "could have put reapportionment over if it had so desired."

He was asked by Senator Chamberlain if he had conferred with Gov. Stephens relative to introduction of his resolution, and upon his replying, "No," he was asked if he had talked to Martin Madden, private secretary to the Governor.

TALKED WITH MADSEN.

"Yes," replied Isman. "I did talk with Mr. Madden, but I have absolutely no agreement or understanding of agreement with the Governor's office."

The reapportionment debacle came immediately after Los Angeles county members had been in a long and weary debate on the wet and dry issue, and was disposed of with a clarity that bespoke careful preparation and remarkably well-grounded skills.

Assemblymen discussed the possibility of bringing reapportionment to the floor of the lower house, but it was conceded that this action would merely result in debate without probability of any satisfactory solution.

Organized and well-directed opposition to the eighth governmental reorganization bill prepared by the Stephens administration was assured today, when a group of legislators including in their number several administration adherents, met secretly, elected a chairman, a steering committee and adopted a program calling for a war to the knife on the Governor's economy and efficiency program.

The forces for and against the Governor's so-called plan of State reorganization are so diversified and unrelated, and in many cases, at present unknown to either side, that the outcome of the reorganization battle is doubtful.

A Farmer Cured of Rheumatism.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Liniment and told him to use it freely," says C. P. Rayder, Patten Mill, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar, saying, 'Give me another bottle of Chamberlain's Liniment; I want it in the house all the time; for it cured me.'"

## STATE SENATE REAL DRY. PACT THROWN INTO JEOPARDY.

Defeats Assembly Amendment to Wright Dry Enforcement Measure.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, April 19.—The Assembly amendment to the T. M. Wright State prohibition enforcement bill, requiring its submission to a vote of the people, was stricken from the measure by the Senate late today. The vote was 22 to 15. The Senate then rejected, 17 yeas to 21 nays, an amendment offered by Chamberlain requiring submission of the bill to the people at the 1932 general election. Chamberlain's amendment was designed to meet constitutional objections advanced against the rider to the measure adopted in the Assembly.

FINAL READING FILE.

The bill was ordered to the final reading file in the form it was originally introduced in the lower house. Today's roll calls were not considered as the Senate has a working majority in favor of the unamended bill.

The debate was the first discussion the Senate has had upon prohibition and it was marked by a number of heated exchanges.

The move to eliminate the provision for submission of this proposition to the people is part of the program of the "Union" said. "They planned to have this body reject the Assembly amendment, have the Assembly take up the bill and then throw the bill into conference committee and finally force conference during the first hours of the session."

"We know what that means. The conference committee will be like the Federal Relations Committee, so dry you could not squeeze a drop out of it for forty years."

Senator Jones and Harris led the movement to have the Assembly amendment dropped. The former declared submission of the matter to the vote of the people would mean that the Legislature had evaded the issue and he joined Harris in the contention that legislators could not vote against State prohibition without violating their oaths to uphold the Federal Constitution.

This brought vehement protest from Isman, Chamberlain and others. "There is not a word of truth in it," Isman asserted. "We are not evading the issue. We are not evading the issue. We are not evading the issue."

When Slater, McDonald and others said Chamberlain in record in several elections against the bill, Johnson said he would not feel bound by any vote he might give to the bill.

W. J. Carr held that reference of the measure to the people would establish a bad precedent that might be applied to every controversial bill. "We have been sent here to act honestly and fairly on matters coming before us," he added, "and approval of the Assembly amendment would make us an object for laughter in the State."

NO BOOZE AROUND.

Applause and laughter greeted Scott when he said there was "no booze around."

"If there is, lead me to it," he continued. "We had an instance of how well prohibition is being enforced when 300 persons were brought up and severely punished by the Federal court in Sacramento the other day. They will be placed in Alameda County for the next offense. The police in San Francisco are enforcing the law."

"This bill is not necessary. If don't you introduce a bill depriving us of prescription for the cure of rheumatism?"

Nelson said that at present district attorneys and State courts have no right to prosecute for violation of the Volstead Act. He held that the bill presented the sole issue of enforcing the law, adding that the Assembly amendment had a doubtful standing under the Constitution and that its effect would be to deprive the State of the right to enforce the law for four years.

The people were led to believe that the bill was for the purpose of permitting the incoming administration to personally pension funds heretofore withheld for their support.

By Parker: Constitutionality of the bill was questioned. Some members of the Senate are in favor of the bill, but they are not in favor of the bill.

SENATE BILLS PASSED.

The following Senate bills were passed and sent to the Governor:

By Boggs: An act to prevent the propagation of noxious weeds.

By Edson: Senate Joint resolution authorizing the Attorney-General to bring certain actions on behalf of the State.

Nelson said that at present district attorneys and State courts have no right to prosecute for violation of the Volstead Act. He held that the bill presented the sole issue of enforcing the law, adding that the Assembly amendment had a doubtful standing under the Constitution and that its effect would be to deprive the State of the right to enforce the law for four years.

The people were led to believe that the bill was for the purpose of permitting the incoming administration to personally pension funds heretofore withheld for their support.

By Parker: Constitutionality of the bill was questioned. Some members of the Senate are in favor of the bill, but they are not in favor of the bill.

SENATE BILLS PASSED.

The following Senate bills were passed and sent to the Governor:

By Boggs: An act to prevent the propagation of noxious weeds.

By Edson: Senate Joint resolution authorizing the Attorney-General to bring certain actions on behalf of the State.

Defeats Assembly Amendment to Wright Dry Enforcement Measure.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, April 19.—The Assembly amendment to the T. M. Wright State prohibition enforcement bill, requiring its submission to a vote of the people, was stricken from the measure by the Senate late today. The vote was 22 to 15. The Senate then rejected, 17 yeas to 21 nays, an amendment offered by Chamberlain requiring submission of the bill to the people at the 1932 general election. Chamberlain's amendment was designed to meet constitutional objections advanced against the rider to the measure adopted in the Assembly.

FINAL READING FILE.

The bill was ordered to the final reading file in the form it was originally introduced in the lower house. Today's roll calls were not considered as the Senate has a working majority in favor of the unamended bill.

The debate was the first discussion the Senate has had upon prohibition and it was marked by a number of heated exchanges.

The move to eliminate the provision for submission of this proposition to the people is part of the program of the "Union" said. "They planned to have this body reject the Assembly amendment, have the Assembly take up the bill and then throw the bill into conference committee and finally force conference during the first hours of the session."

"We know what that means. The conference committee will be like the Federal Relations Committee, so dry you could not squeeze a drop out of it for forty years."

Senator Jones and Harris led the movement to have the Assembly amendment dropped. The former declared submission of the matter to the vote of the people would mean that the Legislature had evaded the issue and he joined Harris in the contention that legislators could not vote against State prohibition without violating their oaths to uphold the Federal Constitution.

This brought vehement protest from Isman, Chamberlain and others. "There is not a word of truth in it," Isman asserted. "We are not evading the issue. We are not evading the issue. We are not evading the issue."

When Slater, McDonald and others said Chamberlain in record in several elections against the bill, Johnson said he would not feel bound by any vote he might give to the bill.

W. J. Carr held that reference of the measure to the people would establish a bad precedent that might be applied to every controversial bill. "We have been sent here to act honestly and fairly on matters coming before us," he added, "and approval of the Assembly amendment would make us an object for laughter in the State."

NO BOOZE AROUND.

Applause and laughter greeted Scott when he said there was "no booze around."

"If there is, lead me to it," he continued. "We had an instance of how well prohibition is being enforced when 300 persons were brought up and severely punished by the Federal court in Sacramento the other day. They will be placed in Alameda County for the next offense. The police in San Francisco are enforcing the law."

"This bill is not necessary. If don't you introduce a bill depriving us of prescription for the cure of rheumatism?"

Nelson said that at present district attorneys and State courts have no right to prosecute for violation of the Volstead Act. He held that the bill presented the sole issue of enforcing the law, adding that the Assembly amendment had a doubtful standing under the Constitution and that its effect would be to deprive the State of the right to enforce the law for four years.

The people were led to believe that the bill was for the purpose of permitting the incoming administration to personally pension funds heretofore withheld for their support.

## NATIVE SONS AGAINST JAPS.

Favor Absolute Exclusion from United States.

Pledge to Urge Policy on Official Washington.

Traeger Nominated for Grand Parlor Chief.

STOCKTON, April 19.—Pledging itself to urge the policy upon the President, Department of State and Congress, the Grand Parlor of the Native Sons of the Golden West went on record today as favoring the absolute exclusion of all Japanese of every sex and class from the United States and restriction in the activities of those already here to such extent as would prevent their becoming citizens.

The afternoon session was taken up entirely with the nomination of officers balloting upon the candidates to begin upon the opening of the grand chapter at its session Thursday, and lasting all day. The nominations made are as follows:

Grand President, William I. Traeger, Los Angeles.

Grand First Vice-President, Harry G. Williams, Oakland.

Grand Second Vice-President, William J. Hayes, Berkeley.

Grand Third Vice-President, Edward J. Lynch, San Francisco.

Grand Secretary, Clarence M. Hunt, Los Angeles.

Grand Treasurer, John McDougall, San Francisco.

Grand Marshal, I. H. Reuter, Merced.

Grand Inside Sentinel, John S. Ramsey, San Francisco.

Grand Outside Sentinel, Percy A. Marchant, San Francisco.

Grand Recorder, Harvey A. Reynolds, Fort Bragg.

Grand Correspondent, Fred T. Greenblatt, San Francisco.

Grand Trustee, Henry G. Bagkin, Los Angeles.

Grand Auditor, Charles A. Thompson, Santa Clara.

Grand Historian, Frank M. Carr, Hayward.

Grand Librarian, Robert B. Scudder, San Francisco.

Grand Editor, James M. Morrissey, Marysville.

Grand Printer, Fletcher A. Cutler, Eureka.

Grand Publicity, Arthur M. Dean, Hedding.

Grand Entertainment, Charles L. McEnery, San Francisco.

The proposal of Thomas F. Duffy, Pacific Parlor No. 16, to place a memorial tablet in San Francisco in honor of the late Fairfax Whelan, founder of the homeless children work, was adopted, a committee being appointed to carry out the proposal.

The parlor suspended its rules of procedure and unanimously adopted a resolution presented by Judge Fletcher A. Cutler of Eureka requesting the California Legislature to appropriate the sum of \$300,000 to aid in the purchase of a strip of Humboldt county redwoods bordering the State highway that they may be preserved for future generations.

EXTENDED DEBATE.

Extended debate was had over a resolution introduced by Roland M. Roche of San Francisco, approving the plan for the construction of a dam opposite the mouth of the Sacramento and San Joaquin rivers restraining the waters of these streams and a dam at the straits where the San Pablo Bay joins the Bay of San Francisco, the latter structure to impound the Suisun and San Pablo bays, thus creating a freshwater lake of the salt water bays.

Roche made a stubborn fight for the passage of his resolution, but it was declared by speakers that the grand parlor had not sufficient information at hand to enable it to act intelligently on so great a question. William L. Toomey, Mayor of Fresno, moved that the whole matter be tabled. Finally Roche withdrew his resolution.

WHO WILL REPRESENT STATE?

Who shall represent California in the Hall of Fame at Washington, D. C., and how shall their names be selected, were questions which agitated the delegates for some time this morning.

Max Paul M. Narboe of Sacramento presented a resolution with the backing of his parlor protesting against the proposal of the California Legislature to name two men

## FRENCH PLAN FOR CONTROL

(Continued from First Page.)

opposed to American political and economic interests.

In this situation observers here doubt whether the United States stands to gain anything by keeping the indebtedness of the European nations to the United States separate from the German reparations problem.

AMERICA IS NEEDED.

France needs and wants America's help to put her plan into effect and to carry French troops into all the rich areas of Westphalia. Once there she feels she will be able to take care of herself. Once having received the permission of the Allies to occupy that region, no force can be used to drive her out.

Herein lies American opportunity, it is suggested, and the presumption here is that President Harding has obtained a result of the kind which Viviani's visit to the United States, guarantees that would be far harder to obtain when the time of the Allies' greatest utility to the Allies has passed.

Just now France is much in need of American support. What America thinks of the Allies' weakness, when the actions have been taken, is of considerably less importance than the attitude which the Harding administration takes now.

BARGAIN PLEASES.

France is delighted with the bargain that Viviani made for her with America. She has obtained the immediate support of the United States on the reparations issue and has secured the recognition of her sympathy with America's contentions in the Yapt controversy and of ultimate undertakings to lay her debts. What the American stand toward the new French plan is must still be determined.

As long as German labor and money were being used to repair the devastated regions of Northern France, America could not complain, but her interest in the project is greater. It is to this that France hopes to win her assent. Upon the development of the next few weeks, the consensus of opinions here is, the fate of Europe depends.

As now being worked over by French experts, Brind's plan is not radically different from the outline sketched on April 17. Particular attention being paid to the measures to bring pressure to bear on Germany and force her to accept the responsibility of payment. Every ton of Ruhr coal that is sent to other parts of Germany or is sold to neutral countries will be taxed in gold.

It is thought that this feature will be particularly pleasing to the British, who would hope to maintain the market price of coal. Incidentally, however, it may be asked whether France and Great Britain, under such subsidized conditions, won't be able to re-export German coal at dumping prices if market conditions require.

LABOR BOARD ORDERS MEN BACK TO WORK.

(ST. LOUIS, April 19.—Action of the Railroad Labor Board in ordering the St. Louis Southwestern Railroad to restore the position and pay of section foremen and track laborers was described as a mandate for the closed shop today by J. M. Herbert, president of the road.

## JOINED BRITISH TO AVENGE GERMAN MURDER OF HIS KIN; TAXES TAKE MAN'S ESTATE.

(EXCLUSIVE DISPATCH.)

CHICAGO, April 19.—War and taxes have combined in what internal revenue officials said today they believed to be the practical annihilation of a \$500,000 estate.

The estate is that of Mrs. Mary E. Hoy, who fell a victim to exposure following the torpedoing of the Laconia by a German submarine, Feb. 24, 1917. Austin Young Hoy, her son and present beneficiary under the will, tax experts said, may have to borrow money in order to pay the government what he owes in taxes.

Austin Young Hoy entered the British army to avenge his mother's death, as well as that of his sister Elizabeth, also a victim of the U-boats. Because of his becoming a British citizen through enlistment, Hoy had to pay a number of British taxes as well as war-time inheritance tax in the United States.

Internal revenue clerks said that various taxes would total approximately \$500,000, the value of the entire estate.

EGGS BY THE MILLION.

Unless Hens Stop Laying May Go to Ten Cents a Dozen; Farmers in Panic.

(EXCLUSIVE DISPATCH.)

WASHINGTON, April 19.—Eggs may sell within a few weeks for 10 cents a dozen. The United States is buried under such an avalanche of eggs as has never been seen in this country before and the price is bound to break to even now low levels, according to the market sharks.

There is now on hand 1,883,959 cases of eggs, and every case contains thirty dozen. Multiply it for yourself and figure the dimensions of the American omelet. The normal supply is about one-tenth of this amount, or to be exact, 207,000 cases. Last year at this time the stock on hand was only 121,733 cases, and in 1918 there was available at this date only 119,508 cases. Much of this overload of eggs comes from the importation of eggs from China and other foreign countries.

WANT AN EGG TARIFF.

So great is the depression that a delegation of poultry people from Iowa is here to be heard before the Senate Finance Committee on the necessity of including eggs in the emergency tariff. Patulana, Cal., where eggs are grown in vast quantities, and the Poultry Raisers' Association have also protested against the fur-

ther importation of eggs from foreign countries.

Poultry raisers of the West say that unless a tariff is imposed on foreign eggs their business will be ruined. They say that the duties of the Pacific Coast will be demoralized.

The importation of eggs from the Orient began as an experiment and a regular trade that appears to be growing out of all proportion to the demand. One of the astonishing things about the eggs from the Orient is that they are so carefully packed that the breakage is negligible and loss is almost unheard of, while the loss to the American egg producers due to breakage averaged last year more than a million and a quarter dollars.

### BLAKE PRAISES HIS NEW MAN.

Regards Boxer Moffatt as  
Another Jenkins.

Lightweight Aggressive and  
Has Terrific Punch.

Will Appear at Irish Benefit  
Monday Night.

George Blake, who brought out the phenomenal welterweight national champion boxer, Charlie Jenkins, thinks he may have another big find at the Los Angeles Athletic Club. Blake made the statement yesterday that Kenneth Moffatt will surprise him not in the least if he turns out soon to be a second Jenkins—and the former chief Army instructor is conservative in his guesses. The fact will watch Moffatt with particular interest. This protege of Blake's is a lightweight and he will figure in next Monday night's Irish benefit at the L.A.A.C., being matched with Frank

Longo. This battle, next to the Jenkins-Geyer argument, will be the feature of the card. It may be as hotly contested as the main event, for Longo has been in the same five years, has been doing great work, and is headed for the class to which only champions are admitted.

**SOME OBSTACLE.**  
The principal obstacle in his path is Moffatt. To remove this obstacle he will extend himself to the limit, and in the meantime Moffatt also will be on the active list. Longo has become known as one of Southern California's cleverest lightweights, while his opponent, like Jenkins, is a quiet new comer.

Moffatt, a local business college student, has a terrific punch and is always aggressive, eager for rough going. Blake has been working with him several times a week and he is trained down to the minute, a statement which also applies to Longo's condition.

### FLAWRIGHTS IN FAST DRAW.

(Continued from First Page.)

tory followed a series of vicious uppercuts during a rally in the third round, which jarred George threateningly and turned the tide of battle in the kid's favor. Although George fought back viciously after that and although he sank an awful right to the stomach that caused Mack to sag back against the ropes and holler foul, he appeared unable to make up the lost ground. The verdict was close, but appeared to be well received.

The results of the other bouts were as follows: Gene Cline knocked out Scotty Welch in the third round; Frankie Dolan and Eddie Macy boxed a draw; Joe Miller beat Kid Layman; George Wall defeated Sailor Feyer, and Sailor Blue won over Fred Young.

### HOLLYWOOD FINALLY WINS A BALL GAME.

Hollywood High yesterday won its first baseball game of the City League season, defeating L. A. High by a score of 12 to 2. The Foot-hillers batted three Blue and White fingers out of the box, rolling up a total of sixteen hits and kicking Coach Cog to the point of predicting future victories. The score:

R. H. E.  
L. A. High..... 12 16 2  
Batteries—Dodge and Ullman;  
Reynolds, Orioff, Brown, O'Shea and Ullman.

### SOUTH PASADENA BEATS FRANKLIN.

South Pasadena High's baseball team for the second time in five days walloped the baseball nine representing Franklin High, doing the deed yesterday by the score of 8 to 1, which is just exactly the score by which they won the previous Friday. Morris did the pitching for the winners yesterday and held Franklin to five hits.

Cecil Leitch, British woman cham-  
pion, and Elsie Grant Suttie, former  
open champion and one-time Scot-  
tish champion, each made the eight-  
een holes of the Ranelagh Club  
links today with 72.

These three women had the low scores in the scratch prize event in a tournament in which some 130 women golfers competed. Miss Stirling went out in 35 and came back in 37. In the outward play she had a lead of three strokes over Miss Leitch and five over Miss Suttie. A blistered left hand inter-  
fered with her driving. Her putting was fairly good.

**LONG DRIVES.**  
In the play from the first tee, Miss Stirling headed a good drive and played beautifully a difficult ap-  
proach shot. She topped her drive on the second, but she nearly ob-  
tained a par four. After this she  
made poor progress until the  
eighth hole, where she took five  
strokes.

Miss Stirling started home well, hitting a beautiful tee shot and fol-  
lowing this with a long iron.  
She went over the hole with her  
first putt but came back confidently  
from eight feet and sank the ball.  
On the eleventh hole she "duffed"  
her approach and then barely failed  
to hole out a two-yard putt for a  
four. The next four holes were  
played faultlessly.

**OUT OF BOUNDS.**  
On the sixteenth hole, Miss Stirling's mauler went out of bounds, but on replaying it with splendid di-  
rection, she made the hole in four.  
The same number of strokes were  
required on the seventeenth. On the  
home hole her approach was too  
strong as likewise was her putting  
and she ended with a five.

Today's play was the first half of a thirty-six-hole tournament. It also was part of the competition for a gold medal presented by the Rane-  
lagh Club for the best eighteen holes  
on either day. If the should be the  
tomorrow between the three best  
scorers of today, the low score of  
the first nine holes will decide the  
winner of the medal.

**TO PLAY SAN GABRIEL.**  
Having lost both scheduled games  
played in the Managers' Association  
Summer League, Manager Rudy Pico  
of the Gene Murphy jazz-shirt crew  
is determined to start his winning  
streak next Sunday.  
The knock-em-dead club was  
carded to play the San Gabriel  
club next Sunday, at the regular  
meeting of the Managers' Associa-  
tion, last Tuesday night.

**MONTEBELLO WINS.**  
In a Valley baseball game yester-  
day Montebello won from Bonita  
by the tight score of 2 to 1. Melen-  
dres and Horton were the opposing  
pitchers and each let the other  
squad down with four hits, but the  
three errors piled up by the losing  
outfit undoubtedly were responsible  
for their downfall.

### GOLF NOTES.

(SPECIAL CORRESPONDENCE.)

**DEL MONTE, April 19.**—It is get-  
ting to be quite a regular pastime  
at Del Monte to make a hole in one.  
During the past week or so two  
members have joined this growing  
club. Theodore Prince, a visitor  
from Chicago, achieved the first dis-  
tinction of making the new ditch, a  
180-yard hole, with his tee shot, and  
Hugh Haisell of Dallas, Tex., came  
along a few days later and negoti-  
ated the seventeenth, a punch-  
bowl hole, in one.

This Haisell, by the way, turned  
in a record for the Del Monte  
course since it has been recon-  
structed. He equaled par of 72,  
which included his hole in one. In  
view of the new distances and the  
fact that the historic Del Monte  
course is going to be used for the  
State championship in September, it  
is interesting to note the Texan's  
record round.

George Laib, Joseph D. Redding  
and James O. Upton, making up the  
committee in charge of the Bo-  
hemian Club annual golf tourna-  
ment at Del Monte on April 29 to  
May 1, makes announcement that  
the competition will consist of  
eighteen holes of medal play on each  
of the days. So far some sixty en-  
tries have been received, with pros-  
pect of additional players coming in  
later on. There will be a whole  
series of trophies set up with the  
winner of the best net score having  
his name engraved on the Bo-  
hemian cup.

Walter Egan, brother of Chandler  
Egan, is paying a visit to Del Monte.  
Chandler Egan was down here sev-  
eral weeks ago, and much interest  
has been taken by local golfers in  
the two famous brothers. Walter  
built up quite a golfing reputation  
in the Middle West some years ago  
and still plays a very strong game.  
He makes his home in Chicago and  
is out here to try out the California  
courses.

The California Indians, the as-  
sociation which will give a week's  
pow-wow of sports at Del Monte  
from May 9 to 15, is giving quite a  
good deal of attention to golf. There  
will be a blind bogey competition on  
May 10, and on the 12th the qual-  
ifying round of the annual tourna-  
ment will be staged. On Friday,  
Saturday and Sunday of the week  
the match rounds for flights of 8 at  
handicap will be held. On Satur-  
day and Sunday there will be eight-  
een holes of handicap medal play  
on each day. The Indians also have  
a registered trapshooting tourna-  
ment, swimming meet, a tennis tour-  
nament and deep-sea fishing com-  
petition. The varied and extensive  
program has been so arranged, how-  
ever, that golf and the other sports  
devoted to the other sports, with golf  
holding away every afternoon.

Entries are being taken in the  
third annual State junior champion-  
ship, which is scheduled at Del  
Monte from July 21 to 24. The Cali-  
fornia Golf Association has set the  
dates of September 2 to 11 for the  
amateur championship.

A new tournament, which will ap-  
pear on the Del Monte golfing  
schedule this season, will be a sum-  
mer tournament from August 13 to  
14. This will serve as a sort of  
practice competition for the State  
championship, which follows in Sep-  
tember.

## FLASHES.

NAZIMOVA TO LEAVE.

STAR WILL GO EAST AND MAY RETURN TO STAGE.

By Grace Kingsley.

Mme. Alla Nazimova is to leave  
Metro, and shortly will go to New  
York. This fact became known  
yesterday.

The famous star has just completed  
"Camille," this being the last picture  
she will make for Metro. Another  
will have been filmed, according to  
her contract, but by mutual consent,  
it is reported, "Camille" is to be the  
final one.

It is quite possible that Mme.  
Nazimova may return to the speaking  
stage, according to her own  
statement a few days ago. She said  
she would certainly take this course  
if she could find the right kind of a  
play. She has been making two or three  
offers for pictures, but has not yet  
accepted any of them.

At one time it was thought she  
would sign up with First National,  
but it appears that some of the  
terms of the contract, regarding  
supervision of her pictures, were not  
satisfactory to her.

Mme. Nazimova's husband, Charles  
Brant, is now in New York. She  
will leave for there herself within a  
few days. She declares she will  
not do any work for several weeks,  
at least, as she wishes a long rest.

It is therefore likely that the star  
and her husband will repair to her  
summer home in New Jersey to  
spend the spring months.

The star will, however, retain her  
home in Hollywood, according to  
present plans, as she is very fond of  
California, and it is certain that she  
can afford to do so, as her work be-  
fore the camera during the three  
years she has been with Metro has  
made her a rich woman.

Mme. Nazimova, the brilliant  
young woman, who has been doing  
the work of designing the costumes  
and sets for Nazimova's pictures,  
is gaining thereby a fine reputation  
for herself as an artist of  
exquisite skill and originality, will  
probably accompany the star East.

Mr. Bowles, formerly a matinee  
idol here, and later house manager  
for Oliver Morosco at the Morosco  
Theatre, has been ill at his home on  
Alvarado street for many months,  
so he declares that the treat which  
Mr. Butler gave him in showing the  
film was greatly appreciated.

Meets President Harding.

Returning from a triumphant  
journey to the East, in the course  
of which he met no less a person  
than President Harding himself,  
Douglas MacLean came home  
yesterday to go to work at the Ince  
studios.

It was, of course, in Washington  
that Mr. MacLean met the country's  
Chief Executive, and we have  
heard that he was very much  
impressed by the president's  
personal social attributes of  
which we have heard so much.

To Visit Viola Dana.

After all, Mayme Krause, sup-  
posed to come West with Viola Dana  
when the latter returned from New  
York, did not do so. She is now  
native Omaha as soon as she expected.  
Miss Krause was promised a trip  
to the home of Viola Dana, and her  
popularity contest in Omaha. She  
will leave for Hollywood May 3.

Guest of Viola Dana.

Said to be a very pretty girl, she  
may decide not to go back to  
the home of Viola Dana, but to  
live of a book-keeper in a public  
market, may have a try at the  
screen.

PLAYLET THRILLS

'EM AT PANTAGES.

In "The Woman of the Thousand  
Secrets," headline attraction at the  
Pantages theatre, Ermyl Barton  
is featured in one of the most  
amusing and gripping playlets that  
has ever been seen here. The story  
is of a fake fortune teller, and the  
plot keeps the audience interested to  
the last moment. The supporting  
cast is excellent, and the playlet  
principal theme is the adage, "The  
wisest thing is the harder they fall."

James Miller and Jack Gardiner  
play the one-woman act. She  
plays the piano, cornet and accom-  
pion in a very effective manner.  
Her sister, Ermyl Barton, who  
she accompanies herself is especially  
good. Eddie Love and Jeannette,  
two accomplished comedians, open the  
vaudeville. They do some excellent  
work.

"Remember Moon" is the name of  
a comedy musical revue in which a  
number of rather attractive girls  
appear. This number is particularly  
popular because of the pretty  
stage setting. The chorus are in-  
fective as singers.

Pat Quinn and Frank Caverly in  
"Lola for Sale" are disappointing.  
The curtain used in the first part of  
their act is the best part of their  
performance. The pair's jokes are old  
and yesterday neither of them  
seemed much interested in their per-  
formance.

Marva Rehn, an exceedingly thin  
young lady with a pretty face and  
a voice of wide range, does a show  
act which is a mixture of singing and  
comedy.

The picture offering, "When We  
Were Twenty-one," with H. B.  
Warner—capital entertainment.

Elmer Midnight.

At 11:59 o'clock tonight the  
keys of the New Pantages will be  
turned over to the resident mem-  
bers of Seattle Lodge No. 93, who  
are planning a special midnight  
matinee for the entertainment of  
Los Angeles Lodge No. 93. Alex-  
ander Pantages, Ed Fisher and Jim  
Townsend are staging the show. Carl  
Walker, the local manager of the  
Hill-street house, is wondering what  
will be done with his theater, for the  
Seattleites' preparations are well  
advanced.

An unusual electrical display, con-  
ceived by Jim Townsend, will be  
shown in the opening prologue and a couple  
of electrifying boxing bouts are  
scheduled to follow.

Several special pictures will be  
shown, and the best of the regular  
acts of the vaudeville bill will be  
drawn to their bit in the merry-  
making line.

In addition, extemporaneous num-  
bers and a big claque will be put on  
by the Seattleites in person. Dogs,  
ponies, monkeys and goats have been  
imported from the northern  
metropolis. The fact that the un-  
derstandable will hold the spot light, for  
he defies any Elit act to main-

## WOMAN WANTS.

With Bert Ha-

Doris Packer and Ruth Klumb in

The same play will be repeated  
Saturday afternoon at the Virginia  
Orton playing the emotion role of  
Phillips.

Sounds Reasonable.

And speaking of Roscoe Arbuckle,  
I hear that gentleman remarked,  
when he heard about the drastic ef-  
forts being made toward aridism  
back in New York—  
"Yes, I see they're taking the  
'Hokey' out of 'Hip, Hip.'"

Stork at Dasey's.

That mysterious bird, the stork,  
is expected to visit the home of Mr.  
and Mrs. Frank T. Dasey on or about  
May 1. Mrs. Dasey is a scenario  
writer, known professionally as  
Agnes Johnson. She and her hus-  
band have recently completed  
scenario for a story written by Mary  
Roberts Rinehart for the Goldwyn  
screen. They are living at Santa  
Monica.

Victor Hermann Weds Writer.

An interesting wedding is to take  
place this morning, out in Holly-  
wood. Sam, the son of Victor Her-  
mann, director for Seisnick,  
Mr. Hermann and Miss Mason met  
some time ago. The pair is now  
together with other Seisnick people,  
were sent to the eastern studios of  
the picture. They are now in New  
York, that they became interested  
in each other, and the courtship  
has progressed ever since. The two  
came West a few weeks ago.

Fred Butler Gives Show.

It is on the records that Fred  
Butler did a very pleasant thing  
last night, when he took son  
David Butler's latest picture, a film  
version of "Sophie Semoroff," down  
to the home of Donald Bowles, to  
show it with a projection machine, to  
let Mr. Bowles have a first peek at  
it.

Mr. Bowles, formerly a matinee  
idol here, and later house manager  
for Oliver Morosco at the Morosco  
Theatre, has been ill at his home on  
Alvarado street for many months,  
so he declares that the treat which  
Mr. Butler gave him in showing the  
film was greatly appreciated.

Meets President Harding.

Returning from a triumphant  
journey to the East, in the course  
of which he met no less a person  
than President Harding himself,  
Douglas MacLean came home  
yesterday to go to work at the Ince  
studios.

It was, of course, in Washington  
that Mr. MacLean met the country's  
Chief Executive, and we have  
heard that he was very much  
impressed by the president's  
personal social attributes of  
which we have heard so much.

To Visit Viola Dana.

After all, Mayme Krause, sup-  
posed to come West with Viola Dana  
when the latter returned from New  
York, did not do so. She is now  
native Omaha as soon as she expected.  
Miss Krause was promised a trip  
to the home of Viola Dana, and her  
popularity contest in Omaha. She  
will leave for Hollywood May 3.

Guest of Viola Dana.

Said to be a very pretty girl, she  
may decide not to go back to  
the home of Viola Dana, but to  
live of a book-keeper in a public  
market, may have a try at the  
screen.

PLAYLET THRILLS

'EM AT PANTAGES.

In "The Woman of the Thousand  
Secrets," headline attraction at the  
Pantages theatre, Ermyl Barton  
is featured in one of the most  
amusing and gripping playlets that  
has ever been seen here. The story  
is of a fake fortune teller, and the  
plot keeps the audience interested to  
the last moment. The supporting  
cast is excellent, and the playlet  
principal theme is the adage, "The  
wisest thing is the harder they fall."

James Miller and Jack Gardiner  
play the one-woman act. She  
plays the piano, cornet and accom-  
pion in a very effective manner.  
Her sister, Ermyl Barton, who  
she accompanies herself is especially  
good. Eddie Love and Jeannette,  
two accomplished comedians, open the  
vaudeville. They do some excellent  
work.

"Remember Moon" is the name of  
a comedy musical revue in which a  
number of rather attractive girls  
appear. This number is particularly  
popular because of the pretty  
stage setting. The chorus are in-  
fective as singers.

Pat Quinn and Frank Caverly in  
"Lola for Sale" are disappointing.  
The curtain used in the first part of  
their act is the best part of their  
performance. The pair's jokes are old  
and yesterday neither of them  
seemed much interested in their per-  
formance.

Marva Rehn, an exceedingly thin  
young lady with a pretty face and  
a voice of wide range, does a show  
act which is a mixture of singing and  
comedy.

The picture offering, "When We  
Were Twenty-one," with H. B.  
Warner—capital entertainment.

Elmer Midnight.

At 11:59 o'clock tonight the  
keys of the New Pantages will be  
turned over to the resident mem-  
bers of Seattle Lodge No. 93, who  
are planning a special midnight  
matinee for the entertainment of  
Los Angeles Lodge No. 93. Alex-  
ander Pantages, Ed Fisher and Jim  
Townsend are staging the show. Carl  
Walker, the local manager of the  
Hill-street house, is wondering what  
will be done with his theater, for the  
Seattleites' preparations are well  
advanced.

An unusual electrical display, con-  
ceived by Jim Townsend, will be  
shown in the opening prologue and a couple  
of electrifying boxing bouts are  
scheduled to follow.

Several special pictures will be  
shown, and the best of the regular  
acts of the vaudeville bill will be  
drawn to their bit in the merry-  
making line.

In addition, extemporaneous num-  
bers and a big claque will be put on  
by the Seattleites in person. Dogs,  
ponies, monkeys and goats have been  
imported from the northern  
metropolis. The fact that the un-  
derstandable will hold the spot light, for  
he defies any Elit act to main-  
tain his dignity or seat for more

## MUSICAL.

KUBELIK CONCERT.

VIOLINIST DELIGHTS THROUGH

AT AUDITORIUM.

By Edwin Schallert.

With romantic feeling as the back-  
ground for the colorful richness of  
his virtuosity, Jan Kubelik came be-  
fore the local public as a rhapsodist  
of the violin last night at Phil-  
harmonic Auditorium and even as  
the magnetism of his name attracted  
a capacity attendance at his first  
of two concerts here, so did the  
spell of his musicianship fill the  
auditorium with increasing pleasure  
and enthusiasm. He poured a victor-  
ious even as he left, nearly a decade ago,  
and although there may be those  
elsewhere to be noted, although in  
the same Kubelik we heard the victor-  
ious even as he left, nearly a decade ago,  
and although there may be those  
elsewhere to be noted, although in  
the same Kubelik we heard the victor-  
ious even as he left, nearly a decade ago,

is the poetic ease with which  
Kubelik subdues the difficulties of  
fingering and bowing that fascinates.  
There is no sense of war between  
the notes, the matter of mere  
notes in his playing, but the  
there the least suggestion that the  
approaching passages might be tax-  
ing and that the final flourish of  
his own concerto. A momentary  
rhythmic motion of his arm, and he  
opens a new path through the  
opening mass of technical display  
takes predominance.

This feat of the evening was the  
prelude for violin alone by Bach.  
Here the full amplitude of the vi-  
olinist's total variety was evident.  
Like the notes of the woodwind in-  
strument were certain incidental  
tones. There was the harmonic col-  
lection of ensemble in the involved  
scheme of this number as Kubelik  
presented it.

Less to my liking was the Rondo  
Capriccioso, the thousand and one  
pretation had much of novelty and  
originality, it did not possess the  
finer balance and poise that was in  
Brahms' Stroph and Jacobson's  
I found the same deficiency in the  
transcription of the Schubert "Ave  
Maria," where the host of the  
other hand the Beethoven Romance  
was but traditionally attractive.

Brilliant however, the world  
power the violinist achieved in his  
closing numbers, the Spanish Dance  
by Sarasate and the "Lullaby" by  
Paganini. Here he magnificently  
assailed the technical snares of dis-  
aster, with a conquering daring.  
The quality of romance was strong-  
ly emphasized in these selections,  
as it was throughout his program.  
General in his capacity as a mu-  
sician and artist, Kubelik serves to  
his public all the finer impulses of  
pleasure and delight.

The Spanish pianist, who assisted effectually,  
rendered for his solo number the  
Chopin, "The Waltz" of the  
eternal A flat and G minor, al-  
though not as striking a composition  
as the latter. He was encored for  
his solo.

Ultra-Modern Program.

To Winifred Hoopes, the pianist,  
saw the distinction of presenting  
the ultra-modern program of the  
season. This was given at her re-  
cital yesterday morning at the Lit-  
tle Theatre. She was assisted by  
Axel Simonsen, cellist.

Miss Hoopes introduced three  
compositions new to this city, the  
most noteworthy of which was the  
so-called "Mystic" sonata of  
Scriabin—his fifth work in the  
day. An ancient and modern, the  
Ornstein Sonata for cello and piano,  
and the third a quaint musical  
sketch, "London Bridge," by Bal-  
fard Gardiner.

The total pattern of the Scriabin  
sonata is of the most complicated  
type, and Miss Hoopes was very suc-  
cessful in overcoming the host of  
technical and interpretive difficul-  
ties. The number reaches some fre-  
quent emotional climaxes and is en-  
tirely modernistic in its freedom of  
style and the display of nervous feel-  
ing, and which Scriabin was noted  
in certain of his moods was noted.  
The inspiration of the work is sug-  
gested in an ancient poem, "Poem  
of Ecstasy," also used as the basis  
of an orchestral tone poem by the  
composer.

Free in style also was the sonata  
by Ornstein. The Andante was most  
attractively given, as here the full

## richness of Mr. Simonsen's tone was

to be felt. Elsewhere his intonation

was at times inclined to vagueness,  
particularly in the rather intricate  
schemata. The composition ends in a  
peculiar incomplete cadence. This  
movement was well given. Miss  
Hoopes' interpretation was through-  
out guided by her excellent knowl-  
edge of the new in music.

Entirely delightful were the "Lon-  
dons Bridge" number, the brilliant and  
somewhat impressionistic Etude de  
Concert by Blanchard.

Los Angeles Trio.

A clever use of American rag-  
time rhythms and skilful melody-  
writing were to be noted in the  
interesting sonata for violin and pi-  
ano by Henry Schoenefeld, played  
by Leon Goldwasser and May Mac-  
donald Hope, at the concert by the  
Los Angeles Trio Monday evening at  
the Elbell Club Auditorium. This was  
the sixth event of the series pre-  
sented by Mrs. Hope.

The Schoenefeld sonata won the  
Henri Marteau prize in Paris in  
1906. In its construction it reveals  
a fine quality of musicianship, while  
its melodic and harmonic content  
show breadth and a composite and  
yet unique style. The rendition was  
attractive.

The ensemble also played the  
Ansky Trio in D minor and the  
Brahms Opus 8 in E Major, both of  
these works proving very acceptable  
to the large audience.

Racy—We'll Say So.

The speed demon turns himself  
loose this week at the Broadway  
Pantages, and from start to finish  
"Going Some" is a stampede of fun.  
The tourist hotel conducted by  
Oklahoma Bob Albright in Paris is  
the scene of the giddy doings, with  
Bob himself aiding and abetting  
his guests in their fructuous of  
social traffic laws and ordinances.  
Henry Sherr and Frank Samuels dis-  
pense rapid-fire repartee, the chorus  
does quick changes and the rest of  
the company cheer on the con-  
testants and swallow the dust just  
as they do at the regular races in  
real life.

There are two interesting pictures  
this week at the Broadway Pantages,  
one a Billy West comedy called  
"Service Stripped" the play was on  
the stage in the service of, but not  
because of service done for their  
country. West is presenting new  
stunts each week in his recent pic-  
tures.

"Someone Must Pay," a three-  
side drama, with jealousy as its  
motif, is a sermon, but does not  
seem so. Gail Kane, Edmond  
Brosnan, Hugh Thompson and Jack  
Saunders are featured, and do ex-  
cellent work as the wife whose sor-  
rows result from too fully trusting  
her foolish husband, the other (and  
innocent) man in the case, the hus-  
band whose social pride all but  
ruins his home life and happiness,  
and the woman friend whose  
thoughtless gossip springs the plot.

Municipal Concert.

A concert free to the public will  
be given by the Greater Los An-  
geles Municipal Band, under the  
auspices of the Los Angeles Wood-  
wind Club, this afternoon, at Phil-  
harmonic Auditorium.

The band organization numbers  
fifty musicians, playing under the  
direction of George Mulford, the  
soloist will be Paul Gerhardt, En-  
glish horn player.

The Woodwind Club is actuated  
by the ideal of presenting to the  
public free municipal music.

Following is the program: Suite,  
"The Dwellers in the Western  
World" (Bousia), Minuet in G  
(Beethoven), Overture to "The  
Boys in the Wood" (Berlioz), from  
"Jocelyn" (Godard), with solo by  
Mr. Gerhardt, descriptive para-  
phrase "Rocked in the Cradle of  
the Deep" (Laurendeau).

Beasties Complete.

Much excitement at the Burbank  
Theatre. The heralded beauty con-  
test has opened, and there is a  
speedy race among those taking  
part, with the standing for the first  
day giving Phyllis Gay first place,  
with 487 votes; Grace Iann, second,  
with 485, and Mildred Butler, third,  
with 457, according to figures is-  
sued by the management.

Others in the running for leading  
honors, it is stated, are Billie Ro-  
land, with 451 votes; Nellie Baker,  
with 417; Helen Harrison, with 422,  
and Laura Nelson, with 426.

Announcement has been made of  
an award of \$100 in prizes to the  
winners of first, second and third  
places.

Chaplin Film Again Shows.

Charlie Chaplin's popular picture  
feature "The Kid" is back in town  
for a showing at the Alhambra  
Theatre. The production recently  
had a run of several weeks at the  
Kinema Theatre. It represents prob-  
ably the greatest dramatic achieve-  
ment of the comedian. He shares  
honors with Jackie Coogan, the  
child star.

forced to pay their unskilled em-  
ployees 34 per cent higher wages  
than are paid in other industries.

"What do you want to pay un-

"Well, assuming a man is paid

## WASHINGTON NEWS IN BRIEF.

[EXCLUSIVE DISPATCH.]

WASHINGTON, April 19.—Determined to put America abreast of other nations in the navigation of the air, President Harding submitted to Congress a national aviation policy recommended by the National Advisory Committee for Aeronautics for the co-ordination of government and development of commercial aviation.

The immigration bill restricting admission of aliens to 285,000 during the next year was favorably reported to the House today and will probably pass this week with about fifty votes against it.

Passage of the Colombian treaty is not certain, owing to the defection today of a number of Democratic Senators counted hitherto among the supporters of the pact. The vote will be taken tomorrow.

The Senate today adopted the Cummins resolution providing for a sweeping investigation of the operation of the railroads since they were turned back to their owners.

Representative Foss of Ohio in a speech advocated a general sales tax for a period of one year to raise funds to retire the floating debt. Republican Senators started a movement against the sales tax.

Amendments to the antidumping features of the emergency tariff bill were proposed by experts of the customs service at a hearing before the Senate Finance Committee.

presented comparative wage statistics and cost of living data.

C. E. Wald, vice-president and general manager of the Southern Pacific, outlined the situation around the western rim of the United States from Portland, Or., to New Orleans via San Francisco and Los Angeles.

"The present rates came into being under abnormal conditions, and now are out of harmony," he said. "In this section the unskilled laborers are mostly negroes and Mexicans, who are furnished fuel and houses as well as their high wages. They do not in any way need the pay they now get, and they can't get anywhere near the present wage in any other work."

"In addition, the wages have increased from 117 to 184 per cent since 1917, and the cost of living has not increased nearly that much."

## CUT DAY, ELIMINATE WAGE FOR OVERTIME.

AMERICAN STEAMSHIP OWNERS ANNOUNCE REDUCTION STARTING IN MAY.

[BY A. P. MERRY WIRE.]

NEW YORK, April 19.—The American Steamship Owners' Association, which is negotiating a new wage and working agreement with its men, today decided to put a wage cut into effect upon expiration of the present contract, May 1, and to eliminate overtime pay.

A resolution carrying such a declaration was adopted at a general meeting of the owners' association today, called to hear the report of its wage committee. The report showed, an official of the association said, that the men were unwilling to consider wage reductions now.

Conferees with the engineers had week brought their refusal to accept a wage reduction of 20 to 30 per cent.

Early today a conference with officers of the Marine Firemen, Oilers and Water Tenders' Union resulted in a refusal to consider wage reductions of 25 per cent pending a satisfactory answer to the men as to alleged violations of certain clauses of the La Follette seamen's law, and elimination of the Shipping Board's sea service recruiting bureau. The owners will present their demands for reduction in wages to the seamen's union tomorrow and the steward's union on Tuesday.

The owners' answer today to the demands of the firemen was that they take up with the Department of Commerce alleged violations of the seamen's law and with the Shipping Board the abolition of the sea service bureau. Additional demands of the firemen for preference in employment of union men were rejected.

## INDUSTRIAL ACT WILL BE GIVEN COURT TEST.

PHOENIX JURIST GRANTS RESTRAINING ORDER AGAINST COMMISSION.

[EXCLUSIVE DISPATCH.]

PHOENIX, April 19.—In the Superior Court Judge R. C. Stanford granted an order temporarily restraining operation of the Industrial Commission Act of the late Legislature. The act has been contested as unconstitutional. The complainant, J. L. Crisman, is understood to represent the State Federation of Labor, and is represented by Struckmeyer and Whitner, labor union counsel. Operation of the act was expected to do away with nearly all personal injury actions. The commission already has been appointed by Gov. Campbell.

The Salt River Valley Water Users' Association and two Pinal County Valley irrigation associations have been sustained by the Arizona Supreme Court in their claim upon the Horseshoe dam site on the Verde River, seventy miles northeast of Phoenix. Since 1902 the dam site had been claimed by the Verde Water and Power Company, successor to the Rio Verde Canal Company, which had designed creation of a religious community north of Phoenix and which had spent at least \$600,000 on the project. It had been ruled against by the Interior Department.

J. J. Lipschitz was sustained in the Supreme Court in his claim against C. F. Ainsworth for 18,000 dollars due for about eight years' employment in Ainsworth's law office.

Harry Scowen, a wealthy Northern Arizona sheepman, caught in the Alhambra Hotel fire at Mesa, died this morning of burns and smoke inhalation. He had been a resident of Holbrook since 1897. A widow and five children survive.

## SHORT- HOUR BATTLE DESCRIBED AS CRIME.

[EXCLUSIVE DISPATCH.]

WASHINGTON, April 19.—Describing the eight-hour work day and the forty-four-hour week as crimes against civilization in these reconstruction days, and their approval as an affront to every woman who yields a weighty satorion or sweaters over a sizzling stove, the "Association of Overworked Underpaid Dishwashing Housewives" has addressed a petition to members of Congress asking any legislation recognizing limited hours of labor.

The headquarters of the petitioning association are declared in the petition to be "by the cookstove and the cradle, with the wash tub nearby." The document contains numerous shots at legislation which makes work easier for the male, and winds up with the following: "We believe that Congress should realize that those who cherish ambition for political advancement may find that Congress of a labor organization will prove a handicap and not an asset."

The petition urges Congress to consider thoughtfully that the "workers who demand an eight-hour day and prate the loudest about industrial slavery, are the very ones who compel housewives to serve as domestic slaves." The petition was signed by "Sarah Smith, president" and "Matilda Brown, secretary."

## CHIEF PLEASED BY TEAMWORK.

Hughes and Hoover Zeal Delights Harding.

Announces He Will Back Up Their Efforts.

Cabinet Meetings Are Like Family Affair.

[EXCLUSIVE DISPATCH.]

WASHINGTON, April 19.—Charles E. Hughes and Herbert C. Hoover, concerning whose appointment to the Harding Cabinet, many politicians had misgivings, have delighted President Harding by their zeal for "teamwork" in the administration machine. They have thrown their ability and broad vision wholeheartedly behind the President, suggesting and initiating policies and poring over the details of them day and night. To recent White House visitors President Harding has indicated his enthusiasm for his two nonpolitical Cabinet appointees and his intention to back up their efforts in the same spirit in which they are according him their utmost endeavors to make his administration a success.

**FAMILY DISCUSSION.**

The Harding Cabinet meetings have been singularly lacking in pride of opinion by individual members. They have likewise been lacking in attempted domination either by the President or by any member or members. The problems of each Cabinet officer have been literally "thrown into the ring" for suggestions and the body has shown versatility in dealing with diversified problems. Hardly a question has yet arisen in which three or four Cabinet members have not exhibited constructive ability, whether the question under discussion affected their own department or some other.

In these discussions, involving a national and oftentimes an international policy, both Mr. Hughes and Mr. Hoover have been professed volunteers, neither insisting upon their own opinions nor combating the opinions of the other members but endeavoring to the utmost of their ability to solve the questions under discussion.

**DEMAND EXPERTS.**

The politicians of Congress, while complaining a bit over the slowness with which patronage is coming from the White House, are not disposed to quarrel with the efforts of the Cabinet members to surround themselves with experts. Both Mr. Hughes and Mr. Hoover, above all others, have insisted on expert advisers at the head of all of their bureaus and divisions. Instead of irritating the members of Congress, they have dealt with them so freely and courteously yet firmly, as to imbue Congress to a remarkable degree with their enthusiasm for a record-breaking efficient administration of public affairs.

## MILLIONAIRE STEAMER OFFICIAL HANGS SELF.

[EXCLUSIVE DISPATCH.]

NEW YORK, April 19.—Maurice W. Kozminski, director-general of passenger traffic of the French Line, hanged himself today to a bracket in a bathroom at the Hotel Plaza. He was despondent over the loss of his wife, who died last January after an illness of several months.

Mr. Kozminski was born in Chicago, fifty-seven years ago, the son of a Polish father, who was agent of the French Line in that city. The father left a fortune of more than \$3,000,000, a large portion of which came to Maurice. That the millionaire steamship official had planned to do away with himself was indicated by a conversation he had had Friday with Arthur Henderson, his assistant in the steamship company, who, he told he feared he would not live long.

## "TIZ"—A JOY TO SORE, TIRED FEET

Use "Tiz" for aching, burning, puffed-up feet and corns or callouses.

Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet. Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no limping with pain or drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous exudation which puff up the feet. Use "Tiz" and wear smaller shoes. Use "Tiz" and forget your foot misery. Ah! how comfortable your feet feel. Get a box of "Tiz" now at any drugstore or department store. Don't forget. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded. —(Advertisement.)

## HAIR CAME OUT IN HANDFULS

Had Dandruff and Pimples on Head. Cuticura Healed.

"I had a very bad case of dandruff and there were pimples on my head. It would itch and burn at night so I could hardly sleep. My hair was dry and brittle and I could comb it out by the handful. A friend told me about Cuticura Soap and Ointment and I decided to give them a trial, and when I had used three cakes of Soap and three boxes of Ointment I was healed. (Signed) Albert Marshall, Box 373, Indianapolis, Indiana.

Cuticura Soap, Ointment and Talcum are all you need for all toilet uses. Bathe with Soap, scrub with Ointment, dust with Talcum.

The First Thing You Think Of

What Is ORANGE PEKOE Tea?

IT has nothing to do with oranges. It is simply an oriental term to denote one of the different gradings of tea. There are three gradings of Orange Pekoe Tea—

Flowery Orange Pekoe	tea of very finest quality
Broken Orange Pekoe	" " " choice "
Orange Pekoe	" " " average "

The first two are very much superior to ordinary Orange Pekoe. Ridgways (Gold Label) Orange Pekoe Tea is composed only of the Flowery and Broken Orange Pekoes—the finest teas procurable.

## Lives to See the Prescription He Wrote in 1892 the Worlds Most Popular Laxative Remedy

DR. W. B. CALDWELL TODAY  
Born Shelbyville, Mo., March 27, 1850  
Began the manufacture of his famous  
prescription in 1892

Founder of Dr. Caldwell's Syrup Pepsin, the largest  
selling liquid laxative in the world, long past  
Biblical old age, but hale and hearty—Still  
sees patients daily—Wonderful achieve-  
ment of a "country doctor."

WHEN I started to practice medicine, back in 1875,  
there were no pills or tablets or salt waters for  
the relief of constipation, and no artificial  
remedies made from coal tar.

The prescription for constipation that I used early in  
my practice, and which I put in drug stores in 1892  
under the name of Dr. Caldwell's Syrup Pepsin, is a liquid  
remedy, and I have never had reason to change it. I  
intended it for women, children and elderly people, and  
these need just such a mild, safe, gentle bowel stimu-  
lant as Syrup Pepsin.

I am gratified to say that under successful management my  
prescription has proven its worth and is now the largest selling  
liquid laxative in the world. The fact that over eight million  
bottles were sold by druggists last year proves that it has won  
the confidence of mothers whose chief interest is the health  
of their children.

It is particularly pleasing to me to know that  
the biggest half of these eight million bottles were  
bought by mothers for themselves and the chil-  
dren, though Syrup Pepsin is just as valuable for  
grownups. The price of a bottle holding 50 aver-  
age treatments is sixty cents; such a bottle will  
last a family several months.

I have never made a secret of what is in Dr.  
Caldwell's Syrup Pepsin. It is a compound of  
Egyptian Senna and other simple laxative herbs  
with pepsin and pleasant-tasting aromatics.  
These ingredients are endorsed in the U. S.

TRY IT

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin.  
Address me Dr. W. B. Caldwell, 213 Washington Street, Monticello, Illinois. Everybody now  
and then needs a laxative, and it is well to know the best. Write me today.

Pharmacopoeia. I consider Syrup Pepsin today  
in the serious 82nd year of my age, as I did in  
1892, the best remedy a family can have in the  
house for the safe relief of constipation and its  
accompanying ills, such as headaches, bilious-  
ness, flatulence, indigestion, loss of appetite  
and sleep, bad breath, dyspepsia, colds and  
fevers.

Millions of families are now never without Dr.  
Caldwell's Syrup Pepsin, and I believe if you  
will once start using it you will also always have  
a bottle handy for emergencies.

## GANG IS GIVEN TERRIBLE BLOW.

New York Legislators Forced  
to End of Rope.

Governor Has His Own Way  
in Lawmaking.

Holds Down Budget to Bring  
Landlords to Time.

BY HARRY CARR.

NEW YORK, April 19.—The New  
York State Legislature has ad-  
journed, and the severest collection of  
political bosses ever seen in a wild  
state have gone home. The session  
was a triumph for the brains and  
courage and energy of Gov. Miller.

To the anguish of the gang from  
New York City, he leaped off 2999  
political jobs and reduced the esti-  
mates of the various departments  
something over \$65,000,000.

He insisted upon what the gang-  
sters of New York regarded as a  
strange fiscal policy; he vowed that  
the State, for once, should live within  
its income. This income, this year,  
came at \$138,000,000, and saw to it  
that the budgets were cut to \$135,000,000.

RENT SITUATION.  
It is very likely that the Gov-  
ernor's insistence upon economy may  
have a direct and important bear-  
ing upon the rent situation in New  
York.

Although the rents this year have  
been huge to the point of agony, the  
New York landlords are threatening  
to raise them next fall from 25 per  
cent to 50 per cent.

Their claim is that they are forced  
to make the raise because of the ter-  
rific taxation. The rate is high—  
nearly \$3 on the hundred—but this  
is not the worst. What makes the  
real estate owners groan is the  
inflation of the size of the assessed  
valuations.

In California and other civilized  
communities real estate is assessed  
at from one-half to two-thirds the  
market value. In New York prop-  
erty is frequently assessed at figures  
in excess of the selling value. I  
know of a large apartment-house on  
Madison avenue in the forties which  
has been on the market for a long  
time for \$225,000. The value fixed  
by the Assessor is \$240,000. It makes  
a difference of about \$1500 a year  
in the taxes.

THE VICIOUS CIRCLE.  
So it goes in a vicious circle. The  
Assessor takes the huge rents as a  
basis for fixing the value of the  
property; the property owner has to  
make the rents still more huge to  
get back the taxes.  
The only remedy seems to be the  
one applied by Gov. Miller—cutting  
down the cost of the government  
and thus making lower taxes pos-  
sible.

Old landmarks, dear to New  
Yorkers, are falling thick and fast.  
With a long last blast of the old  
siren the New York Herald's front  
pages ceased to run last Sunday  
night. The Herald Building, which  
has been one of the high lights of  
old New York, is to be turned into  
a big sky-scraping office building.  
Upon purchasing the Herald from  
the James Gordon Bennett estate,  
Frank Munsey consolidated the  
Morning Herald with the New York  
Sun. The Telegram, which was  
the Herald's evening edition, still  
runs under its old name; but is now  
moved to a new publication building  
at Seventh avenue and Sixteenth  
street.

A furious debate has already be-  
gun whether the name of Herald  
Square shall be changed. Many  
old New Yorkers, presumably among  
them George M. Cohan, who wanted  
to be remembered to Herald Square  
in his famous song, insist that the  
name be held on. One proposition  
is to change the name to Bennett  
Square; another is to make it part  
of Greenway Square.

## LUMBERMEN'S WAGES HIGHER IN CANADA.

LARGE PRODUCER OBJECTS TO  
FIGURES FURNISHED BY  
HOUSE COMMITTEE.

(EXCLUSIVE DISPATCH.)  
WASHINGTON, April 19.—Wages  
paid common labor in the lumber  
industry in Canada are slightly high-  
er than in the United States, ac-  
cording to a letter sent to some of  
the members of the House Ways  
and Means Committee today by  
Donald Conn of the Shelvin, Con-  
nery and Clarke Company of Min-  
neapolis. Conn was a witness be-  
fore the Ways and Means Committee  
several weeks ago in opposition to  
the imposition of any duty on lum-  
ber, contending that the lumber in-  
dustry in this country needs no pro-  
tection. His company has lumber  
interests both in the United States  
and in Canada.

The letter sent to members of the  
committee today was occasioned by  
the publication by the Ways and  
Means Committee of a summary of  
testimony relative to wages in var-  
ious countries. Conn takes excep-  
tion to figures which are quoted in  
the summary indicating that labor  
costs in the lumber industry in the  
United States are higher than in  
Canada.  
"In the first place the eight-hour  
day only applies in the States of  
Oregon, Washington, Idaho and  
Montana," said Conn. "The entire  
lumber industry in California, and  
the entire lumber industry in the  
South on a ten hour basis. Over  
60 per cent of the total lumber pro-  
duction of the South on a ten hour  
basis today and was at the  
time these figures were introduced.  
Five coulters and twenty-five coulters  
for common labor applying to the  
United States as a whole is not cor-  
rect."

## FIRST WET STEAMER STARTS HOME TODAY.

(BY CABLE—EXCLUSIVE DISPATCH.)  
MONTEVIDEO, April 19.—The  
American Shipping Board steamer  
Huron, when it sails for New York  
tomorrow, will be the first Shipping  
Board steamer to carry liquor. Mun-  
sen Lane officials here were notified  
from New York to stock the bar,  
which is being done to the accom-  
paniment of widespread publicity to  
the effect that American line in the  
South American trade will be wet.

## MRS. STOKES ENJOYS HER INNING AT TRIAL.

TESTIMONY OF HUSBAND'S  
WITNESSES WELL BAT-  
TERED BY PICTURES.

(EXCLUSIVE DISPATCH.)  
NEW YORK, April 19.—Mrs.  
Helen Elwood Stokes opened fire to-  
day on the divorce suit of her aged  
and rich husband, W. E. D. Stokes,  
and at the outset tore to pieces the  
peeping scene stories involving one  
of many co-respondents. At the  
same time Mrs. Stokes began active  
presentation of her charges of cruel  
and inhuman treatment, in an effort  
not only to beat Stokes's charges,  
but to win herself a decree from  
the aged man of millions.

The peeping scene was shattered  
by photographs. A professional  
photographer, R. A. Cowan, sub-  
mitted more than half a dozen her-  
alding photographs. The photographs  
showed it impossible  
physically for anyone to see from  
an extension roof at 13 East Thirty-  
fifth street into the room formerly  
occupied by Edgar T. Wallace, a  
rich Western oil and mining man.  
Two of Stokes's witnesses, Mr.  
and Mrs. Zenas Mattoon, testified  
they peeped from the roof and saw  
Mrs. Stokes and Wallace in his  
apartment; that Mrs. Stokes got out  
of bed, went to the dresser, and in  
scanty attire, started combing her  
hair.

Beginning presentation of her tes-  
timony for divorce, Mrs. Stokes's at-  
torney presented a number of let-  
ters written by Stokes to a negro  
detective in Chicago. Names and  
contents were not disclosed. Jus-  
tice Finch is going to read them  
first. In one of these letters, ac-  
cording to Mr. Stokes's own lawyer,  
the millionaire asked the negro  
slut to verify his allegations that  
his wife had been the mother of  
several children of whom Stokes was  
not the father.

Herbert Smyth, of counsel for Mr.  
Stokes, made a vigorous protest  
against the admission of the letters  
in evidence. Attorney Littleton, re-  
presenting Mrs. Stokes, declined to  
state what letters he had included in  
the batch. He added that the let-  
ters were written by Mr. Stokes and  
put into the hands of a negro in  
Chicago, to be circulated, to the  
humiliation of Mrs. Stokes.

## SOVIET TO SELL ART TO PURCHASE FOOD.

(BY CABLE AND ASSOCIATED PRESS.)  
HELSINGFORS, April 19.—Soviet  
Russian officials are putting into ef-  
fect a decree proposing that the Rus-  
sian art treasures, seized from pal-  
aces and from private individuals,  
shall be placed on the market and  
sold abroad to buy food.  
The decree provided for the crea-  
tion of a "state fund of valuables  
and art treasures" to be controlled  
by a committee of educators.

Indigestion and Constipation.  
"Prior to using Chamberlain's  
Tablets I suffered dreadfully from  
indigestion. Nothing I ate agreed  
with me and I lost flesh and ran  
down in health. Chamberlain's  
Tablets strengthened my digestion  
and cured me of constipation,"  
writes Mrs. George Stroup, Solvay,  
N. Y.—[Advertisement.]

## Look to Your Paint Is It Giving You Protection?

IF CHECKED or cracked, new paint is  
needed, and it will be cheaper to paint  
now—for deterioration costs more than good  
paint.

A well painted house brings several hun-  
dred dollars more on sale and more in rent.  
Keep it painted and it stays new for years.

The best paint spreads more easily—saves  
labor cost. It covers more square yards—  
you buy more gallons of cheap paint.

The best paint then protects the house, if  
properly applied, from five to ten years  
longer.

There is no question as to which costs  
less. Don't allow surfaces to rot. It costs  
less to paint them.

The best paints are scientific in formula  
and preparation. We've made them for 72

## Fuller's House Paints

Specification  
Phoenix Pure Paint  
Pure Prepared Paint

The best materials—PIONEER  
WHITE LEAD, pure linseed oil, zinc and  
color—are combined in Fuller's Paints in  
scientifically exact proportions with long-  
time skill.

Our process super-purifies and "whitens"  
the lead base. It must be fine enough to  
pass through a silk screen with 40,000 mesh  
holes to the square inch. Fine lead means  
easier spreading and a more elastic, tougher  
protective coat. The "Whiter" lead base  
means more beauty in the color.

Such paint will, if properly applied, last  
from five to ten years longer than cheap  
paint, and look better through the years.

Paints are important to you so it's im-  
portant to go to the right stores to get  
them. Dealers' names and addresses  
are printed in the memo. coupon to the

# 100 Mahogany Finished Floor Lamps at \$6.98

## A Leather Goods Event!

### FEATURING HUNDREDS OF BAGS, CANTEENS, & PURSES at very low prices.

—“A Sale?”—you ask—

—Yes, a Sale, if wonderful values and broad assortments go to make up a Sale.

—But whether we call it by one name or another it matters not—hundreds of Bags and Canteens and Purses are ready at prices that will be of exceptional interest to you.

### We've Pictured Just a Few of the Pieces that are Concerned in this Event—Note their Prices!

—You'll find some smart little Canteens at \$2.48 and others that will make you open your eyes at \$1.59.

—Crepe Leather Shopping Bags will cause no end of a stir, 98c

—Beaded Bags are priced \$2.98 and you'll wonder where in the world we got them to sell for so little—others quite as remarkable at \$5.50.

—Nearly 200 wonderful Leather Bags in a wide variety of styles will be sensationally priced at \$2.98, then there are other splendid values at \$3, \$3.48, \$7.98, \$8.98, \$12.

—And how women will enthuse over the scores of Canteens, and what excitement there will be over the low prices!—Note those pictured at \$4.98-\$5.25 (with triple mirrors) at \$9.48, at \$13.98 and \$17.48.

—See them in the window this morning.

Sale—Main Floor—South Building—Jacoby's

—Another bit of lamp news that is sure to awaken lively interest from the time the doors open!

—And if you will only take the trouble to make your own comparisons of the styles, finish and variety, you will know why the Jacoby Lamp Sales always create a real sensation.

—These lamps are the regulation 60-inch height and have two brass finished pull chain fixtures.

### 100 Silk Shades at \$8.48

—They are full size and there's a beautiful assortment of styles that you will like for living room or library. And they're priced way less at \$8.48.

Main Floor Balcony—South Building—Jacoby's

### We Will Teach You to Make Your Own Lamp Shades

—There is absolutely no charge for this instruction and we are more than glad to help you develop your ideas or to make suggestions—

—We carry a full line of the right silks for shade making and reasonably priced—

—There are also wire shade frames, tassels and trimmings.

—Come and let us talk it over.

### This Morning We Place on Sale 1200 Yards 36-Inch Tricolette at \$1.29

St. Gall Swisses  
Are 'Way  
Less at - - - \$1.69

—“We'd be glad to have these to sell at \$1.69,” declared an out-of-town merchant who was given an advance look at these lovely fabrics—naming a price ever so much higher.

—Embroidered dotted Swisses from St. Gall and there are more than twenty colorings.

Second Floor—South Building—Jacoby's

—There are slight imperfections and here or there a little stain—else this tricolette would sell for about double!

—It comes in a wide variety of the colors in demand for sweater coats and blouses—

54-Inch Dress Fabrics  
Are Wonderful  
at - - - - - \$2.45

—They include navy and black tricotines that are all wool and of extra quality—also high-grade satin stripe wool prunella in navy blue.

Second Floor—South Building—Jacoby's

### Wonderfully Trimmed Leghorns in a big sale today at \$5.00

Men's Shirts  
specially priced  
\$1.25

—Negligee shirts of good percale and honeycomb cloth—and priced decidedly less than they were ever made to sell—

—Made with soft turn-down collar, one pocket and one-button cuffs. Sizes 13½ to 16.

Men's Ribbed  
Union Suits  
\$1.85

—Such comfortable, elastic ribbed garments, spring needle knit and a quality that will please—

—Long or short sleeve styles in ankle length. Sizes 36 to 44.

Men's Belts 50c

—Wide and narrow leather belts that you'd expect to see priced very much more than 50c—

—Either gun metal or fancy nickel plated buckles. Sizes 30 to 42.

Main Floor—North Building—Jacoby's

### Toilet Needs

—Woodbury's Facial Soap, 20c

Main Floor—South Building—Jacoby's

—They are those big and very becoming leghorn hats of a quality that you will be surprised and delighted to find at this price!—

—Dainty wreath and flower trimmings in combination with ribbon—

—The colors of the trimmings are pink, rose, turquoise, Copenhagen, orchid, sand, maize and red.

—Each of these hats has a flange effect of velvet or taffeta ribbon in the color of the trimming scheme—

—\$5.00 is such a small price for them that you will hardly believe your own eyes!

Third Floor—North Building—Jacoby's

### We will make Plain Curtains Free

—and only ask that the materials be purchased in our Drapery Department.  
—Note this for Wednesday:

1500 yds.  
Curtain Fabrics at 59c

—Two popular favorites—printed marquisette and woven madras in a variety of styles and colors.

Second Floor—South Building—Jacoby's

### Just See What's Ready for BABY DAY

#### LIVING MODELS WILL DISPLAY Laces and Embroideries

—We've planned this special demonstration for Lace and Embroidery Week and know that every woman who loves pretty clothes will be interested!—

—In the morning the models will display laces as Queen Fashion chooses them for graduation wear—

—In the afternoon there will be a featuring of laces as they are used for the wedding gown and trousseau.

Main Floor—South Building—Jacoby's

—Just notice how comfy things are featured—and, in California, these are all important to Baby's well-being—

Cashmere Vests—\$1.49

—Infants' cashmere vests that are fully 80% wool.

—They are made to double over the chest and pin in back, with strap—

—Remarkably good and they come in sizes A to E.

—Infants' Summer Weight Tie Binders, 29c.

Teething Bands—\$1.19

—Nurses and doctors fully approve these sensible bands. They are made with straps over the shoulders which end in loops to which the diaper may be pinned and thus remove the strain from the tender back.

—Sizes to E.

The appearance, the snap and the apparent good workmanship will immediately bring to your mind that Innes quality, Innes service and Innes prices are a combination that is rarely found. And when you read this, please remember, that Innes never has asked you to come for any shoe that has not measured up to a very high standard, no matter how low the price may seem.

NATURE painted these shingles in cool sage green and beautiful Indian red colors.

Nature made the colors fadeless. You will never need to paint the shingles.

Nature made the slate fire-proof. You pay less insurance.

Underneath the artistic slate surface Carey has placed an extra heavy foundation of asphalt saturated wool felt.

Exceptional qualities in this felt and the Carey method of saturation make Carey Shingles non-curling even in the driest climate.

Let us point out to you roofs of long standing which prove the distinct superiority of this distinctive shingle.

## SOCIETY.

BY VIRGINIA WOODS.

At Music Tea.

Mrs. Frank Peard of 340 South Alexandria avenue is to be hostess at a tea and musicale tomorrow afternoon and is to have 150 guests. Miss Helen Petre and Mrs. Oliver Gale of Chicago are to sing, and Mrs. Peard will be assisted by Mrs. Chester T. Hoag, Donald W. Steel, Charles C. Carpenter, Wil-  
loughby Rodman, Alexander B. Barrett, Maude Baldwin, Charles Jeffras, Chester D. Bonnell, Wil-  
liam J. Chichester, Paul Brissar, William Irwin Hollingsworth, An-  
drew Baldwin and Edwin Stanton and Miss Rose Bacon.

After Launching.

Following the launching of the West Farallan at the lumber plant of the Los Angeles Shipbuilding and Dry Dock Company yesterday, with Miss Kathleen Donlon of Orland as her sponsor, her parents, Mr. and Mrs. Charles Donlon, gave a dinner party at the Hotel Virginia, Long Beach. Others in the group were Mr. and Mrs. Fred L. Baker, Mr. and Mrs. Frank Peard, Mrs. Thomas Rice and M. Rice.

To Honolulu.

Mr. and Mrs. Ralph Cret of South Oxford avenue, who left early in the week for San Francisco, are sailing today for Honolulu, where they will be gone three weeks.

By Mrs. Hughes.

Mrs. Rupert Hughes is to entertain at luncheon tomorrow at her Lafayette Park home in honor of Mrs. Howard Hughes, who has just come out from New York. There are to be twenty-two guests. Mr. and Mrs. Hughes have taken the J. G. Warren residence for the spring.

Mrs. Banning as Hostess.

Mrs. Hancock Banning is hostess at a smart little luncheon today at the Ambassador. She and her guests will attend the theater party and bridge tea given by the Assistance League for the benefit of returned disabled soldiers.

Mrs. Hoyt to Entertain.

Mrs. Albert Sherman Hoyt, who is enjoying a bit of vacation at Coronado, is to be hostess at a big luncheon on Saturday.

At High Tea.

Mrs. William Huntington of South Pasadena is to entertain at a high tea on Sunday afternoon and is to have fifty guests.

At California Country Club.

A large number of Los Angeles women are entertaining bridge tea parties at the California Country Club tomorrow afternoon. Among those who are to give parties are Mrs. R. D. Shepherd, Mrs. Charles Jeffras, Mrs. Giles Hall, Mrs. James C. Haggerty, Mrs. Miles Shelby, Mrs. George Leslie Smith, Mrs. Earl W. Lewis, Mrs. H. W. McNutt, Mrs. Charles Off, Mrs. L. H. Millard, Mrs. Harry Carroll and many others.

For Miss Carson.

Mrs. Katherine Barlow was hostess yesterday at a delightful luncheon in honor of Miss Gladys Carson, who is soon to marry Edward Scheller.

Are Proud Parents.

Mr. and Mrs. Albert Hays Busch (Ruth Gordon) are proud parents of a son born at the Good Samaritan Hospital Monday night two weeks to the day after the birth of the baby's cousin, Amy Jarvis, daughter of Mr. and Mrs. Van Buren Jarvis (Amy Busch). He has been named Albert Hays Busch, Jr. The grandmother, Mrs. Albert Hamilton Busch, is now residing at the Ambassador. Mrs. Hays Busch is the daughter of Mr. and Mrs. J. P. Gordon, who are also coming in for a share of the congratulations. The two infants are soon to be christened at a double ceremony.

Marriage Announced.

Announcement is made of the marriage of Miss Muriel E. Cross of Orland and Henry Ralph Bayley of Los Angeles, which took place Saturday in Manchester, N. H. The groom is the son of Mrs. Ruth T. Bayley of 178 South Oxford avenue. The couple will reside in Boston.

Announce Betrothal.

Cards are being sent out by Mr. and Mrs. H. G. Spaulding of this city announcing the betrothal of their daughter, Miss Ruth Dorothy Spaulding, and Marshall William Paxton, son of Mr. and Mrs. B. W. Paxton of Santa Rosa. The couple are graduates of the University of California. Mr. Paxton has been connected with the Pacific Mail Steamship Company since his graduation, and for the past two years has been in Manila and Singapore. Miss Spaulding will sail on May 21 for Shanghai, where the marriage will take place, and the couple will make their home in Shanghai for the next two years.

At Dinner.

Mr. and Mrs. Edward A. Haskett of South Vermont avenue gave a prettily appointed dinner party in honor of a group of friends, including Mr. and Mrs. John A. Gallagher, Miss Mary Reed, Miss Emmeline Ansted, Hugh L. Dougherty and Dr. L. Cosgrove.

For Mrs. Chamberlain.

Mrs. Herbert M. Chamberlain of Salt Lake City was honor guest at a very enjoyable bridge tea at which Mrs. Frank D. Barnhill was hostess at her home on Leeward avenue.

By Mrs. Wattle.

Mrs. Gordon W. Wattle of Hollywood is to be hostess tomorrow at a luncheon at her handsome Italian villa in honor of Mrs. Landon Crofoot of Omaha, Neb. There are to be ten guests.

Miss Marsh Plans Reception.

Miss Mildred Marsh is planning a reception in honor of Henry Hadley, director of the New York Symphony Orchestra.

Personal.

Mrs. Forrester Chase is visiting her mother, Mrs. Robert Lyman, at Palo Alto for a few weeks. Lieut.-Com. and Mrs. Frank L. Austin are visiting her sister, Mrs. E. E. Dwyer of Ontario Park.

SEEK MISSING WOMAN.

Fears that Miss Lillian A. Win-  
ter, age 30 years, who disappeared from home, March 31, during a spell of dependency, may have at-  
tempted her life, were expressed yesterday by her uncle, A. W. Stork of 201 East Santa Barbara ave-  
nue, with whom she lived. He asks that anyone having information re-  
garding her, communicate with him or his wife.

## GRAND JURY URGES QUICK JAIL RELIEF.

Supervisors Told Drugs  
and Weapons Easily Smug-  
gled in to Prisoners.

The Federal grand jury in a communication to the Board of Super-  
visors made public yesterday urged immediate relief of the crowded conditions in the County Jail, and describes several "dangerous prac-  
tices."

Prisoners, the letter asserts, may receive visitors in an open room, where narcotics and weapons may be passed to them. This practice should be discontinued at once, says the jury. It also is pointed out that it often is necessary for prisoners to sleep two in a cot, and that Fed-  
eral prisoners in many instances are compelled to sleep on the floor.

The supervisors also have received the resolution adopted by the Chamber of Commerce that recommends a 5-cent tax for the years 1921-1922 and 1922-1923 for the purpose of building a new jail. This recom-  
mendation will come before the next meeting of the board.

The Road to Happiness.

You must keep well if you wish to be happy. When constipated take one or two of Chamberlain's Tablets immediately after supper. They cause a gentle movement of the bowels.—Advertisement.

**COLUMBIA GRAPHOPHONE COMPANY, New York**

BIRMINGHAM (Ala.) April 15.—On my arrival here I looked for some distinctive southern dishes and the only ones I found were those we have served in cafes for years so I have made a collection of recipes which are different and which I know will be of interest to your readers.

The principal meats are chicken and pork and, to serve with them, the markets display a large variety of vegetables, mostly greens.

The hotel here serves a lunch dish of kidneys that was very palatable and inexpensive. Boil three real kidneys for ten minutes with one cup of water. When cooked, cut into thin slices, return to the water in which they were boiled and season with salt and pepper. Place in a saucepan one tablespoonful of butter and, when melted, add one tablespoonful of chopped parsley and two tablespoonfuls of orange juice and a quarter teaspoonful of thyme. Add the sliced kidneys and allow to simmer until the pieces of kidney are thoroughly heated, no longer. Serve on slices of toast garnish with parsley branches and

temon slices.  
one of the clubs should appeal to the men folk! This was made with the following ingredients: 1/2 lb. of lean pork jointed and cut in two; 1/2 lb. of beef piece should be carefully wiped, seasoned with salt and pepper, and rolled up in a cloth. Next, take a large pot four tablespoons of butter and when the butter is hot, lay the pork in it in a single layer. Add the onions and cook for a minute, then add four cups of cooked tomatoes, 1/2 lb. of chopped green pepper. Simmer for ten minutes and lay in the browned chicken and pork, over enough chicken water to cover. Put a lid on the pot, lid and set the pot where the steam will simmer but not boil. Cook until the chicken is tender. Add the one can of drained peas and, if desired, one can of mushrooms. Simmer a little longer, then add with browned neur and pour into

**EGG PLANT A LA CREOLE.**  
Egg plant a la creole served as a vegetable in the Creole kitchen. A tarragon would call a whole meal salad. Boil in salted water one cup of spaghetti, when tender drain well and place in a large bowl. Add one-half plant and with half of it cover the bottom of a deep earthenware baking dish. Peel and slice the tomatoes and make a layer with half of them over the layer of spaghetti. Cover the tomatoes with the cooked spaghetti. Cover the spaghetti with half a cup of grated cheese and one tablespoonful of butter; cover this with sliced mushrooms. Cover the mushrooms with the tomatoes with a layer of finely sliced green pepper, cover this with the sliced mushrooms. Cover the mushrooms with eggplant with half a cup of grated cheese and one tablespoonful of butter. Season with salt and pepper and bake in a moderate oven of cream. Place in a hot plate oven and bake one and a half

An unusual salad combination served here is made with 1 1/3 cups of finely shredded red cabbage, 1 1/3 cups of sliced boiled potatoes, 1 1/3 cups of shredded green peppers and one cup of very thin strips of cold boiled corned beef. Mix these all together with a sharp mayonnaise and serve on lettuce leaves garnished with hard boiled

Another salad is made with one cup of sliced ripe, firm bananas and one-third cup of chopped pecan meats mixed with a lemon mayonnaise and served on a plate covered with crisp lettuce hearts and well sprinkled with cayenne pepper.

**OTHELLO CREAM CAKE.**  
Othello cream cake is served at the hotel cafe. To make, bake thick layer of sponge cake as when cold split in half. Dissolve three tablespoonsful of powder gelatine in half a cup of milk, add  $\frac{1}{2}$  cups of heated milk,  $1\frac{1}{2}$  tablespoonsful of sugar and one teaspoonful of lemon juice. Strain and add one cup of seeded raisins. When nearly set, spread between the layers of sponge and cover the top with chocolate frosting. Decorate with marshmallows.

fruit cakes I have tasted in a long time is made by an old negro cook who lives by the roadside and sells cakes and cafes. This cook told me that it was the way the mixing was done that put the sugar in the cakes. He told him I wanted to see the recipe to California. He gave me in pounds and I have put it in cups. Beat one cup of sugar, one cup of butter with one cup of brown sugar and beat into it one cup of flour and half a cupful of molasses, half a teaspoonful of soda, half a teaspoonful ground cloves, half a teaspoonful of ginger, half a teaspoonful of nutmeg. Now add two and a half cupfuls of sifted flour and half a cupful of so called "add;" mix well and add salt and then a little of the sour milk and beat well each time, until the batter is well beaten in. Flour lightly and bake in a greased and lined pan a pound of seedless raisins and a pound of finely sliced orange peel and stir into the batter. Bake in a greased and papered cake mold and bake in a slow oven. Do not

**RAISIN SOUFFLE**

One of the cooks here gave me the recipe for a raisin souffle to use on Easter Day. It is made with one pound of seeded raisins in enough water to cover. In the morning a slice of lemon and cook until soft. Rub through a sieve and fold in the stiffly beaten whites of three eggs. Place in a baking dish and bake in a moderate oven two minutes. Serve with whipped cream. Here is another fruit cake that is very popular. Be sure to use the best of everything. It is called a white fruit cake. One pound of butter, one pound of granulated sugar, ten eggs and rind of one lemon, grated

## TIDELAND SUIT SAN DIEGO AIM.

Title to All Waterfront is  
Sought by the City.

Railroad, Steamship, Lumber  
Interests Involved.

Legal Battle Royal Expected  
Over Contested Area.

(SPECIAL DISPATCH)  
SAN DIEGO, April 19.—Suits to quiet title to all the waterfront tidelands are soon to be started by the city. The City Attorney's office is now preparing to create ground for the suit, which will be one of the most important pieces of litigation the municipality has ever engaged in. The city will file in the Superior Court claims to all of the waterfront tidelands up to the recently established mean high-tide line.

These lands are now controlled by railroad companies, lumber companies, steamship companies and others. There will be from eighty to ninety defendants, according to the descriptions of the land claimed by the city, prepared by Ralph H. Earle, consulting engineer for the City Attorney's office.

Plans of City Attorney Higgins provide that the city's suit is to be started by filing descriptions of the tidelands, to which the city claims ownership, in the Superior Court. For a number of years the Council has endeavored to establish the city's right to certain tidelands now occupied by corporations and individuals, and it was only within the last year that the city engineering department found time to complete a survey of a mean high tide line.

This survey is said to affect waterfront holdings of the Santa Fe Railroad, the San Diego and Arizona Railroad, the Russ Lumber Company, the Western Lumber Company, the San Diego Lumber Company, a number of fish canning corporations, foundries and numerous other commercial and private institutions.

## What Razor Cuts Often Cause

When your razor cuts too deep, clipping off the hair below the skin surface, you are apt to start an ingrowing hair. You can prevent ingrowing hairs if you apply SANSITSEPTIC after shaving. Put it on while the face is wet. Then dry as usual. The astringent and antiseptic action of this medicinal toilet lotion will prevent undue inflammation of minor cuts often the cause of ingrowing hairs.

SANSITSEPTIC also relieves the dry, stretched feeling after a close shave and keeps the face in condition for "twice over" each morning. Use SANSITSEPTIC for sun or windburn, rashes, poison oak, insect bites and other skin irritations.

## RUN RIGHT INTO WIRE BARRAGE.

Two Youths in Stolen Car  
Stopped at Barstow;  
Brought Here.

Trapped by an officer who, from a telegram from the Automobile Club of Southern California, recognized the automobile in which they were driving as a stolen machine, Frank Talbot, 19 years of age, and W. J. Nobmann, also 19 years of age, were arrested yesterday morning at an oil station in Barstow. The two youths, returned to Los Angeles yesterday afternoon, are charged with grand larceny.

According to the local officers, Talbot with Nobmann stole the automobile from a garage where Talbot was employed. The garage was also robbed of twenty gallons of gasoline, a quantity of oil and \$15 from the cash register. When questioned by the Barstow officer the two young men attempted to drive away, but were stopped.

## WIDE VARIETY IN CLUBS' WORK.

(Continued from First Page.)

Out of the ordinary was the report of some of the smaller clubs as when the Echo Park Mothers' Club, with Mrs. J. B. Thomas president, told of the plan to present each mother of a new baby with a gold spoon, six babies were born to women in the last club year, she proudly proclaimed. Dr. Lulu Peters, reporting for the Professional Women's Club, said that in her club it was more necessary to encourage matrimony so each member who married receives a spoon not as a gift, but as an anchor.

"We are very exclusive, I must confess," said Dr. Peters, "for we have only those belonging to the professions of law, dentistry, divinity, philosophy or medicine, but while we are high-browish there, we are low-browish in our meetings, for we meet for a recreation dinner once a month and do not talk shop."

"We are exclusive too," said the representative of the Business Women's Civic Club of Los Angeles, President Miss Jane Peters. "We do not allow anyone to be a member who does not earn her own living. And we play a bit, too. We are going to see 'Adam and Eve' this week in a body. We can't do much social service work as we are employed all day, but we are working hard for the Mothers' Educational Center in Los Angeles."

The representative from the Ventura Club, a dear little gray-haired mother, gasped out in the middle of her report, "I'm scared to death," but continued pluckily with the details of her report. Mrs. Howard Sherwood reported the purchase of a cinema projection machine to help solve the motion-picture problem which is one of the big ones of the federation. Mrs. John R. Dudley spoke on the intensive study of tax laws in the Civic Club of Hollywood; Mrs. Fred O. Hoffman, president of the Woman's Auxiliary of Postal Clerks told how they secured an increase in the salaries of the postal men; Mrs. G. H. Poorman of the Auxiliary to Locomotive Engineers, explained how the widows of their organization could stay at home and look after their children because of the care of the club; Mrs. G. M. Swindell told of the program of the Maritime Musical Club; Mrs. William Wurdeman, for the Badger Club, reported on the campaign for "The Truth Advertising" and a better business bureau; Mrs. William Meyers, reported for the Highland Park Club.

## ENLIST CHILDREN.

The Ruskin Art Club, the oldest in the district, organized in 1888, was the only one to start a movement yesterday at the convention. This is a plan to enlist all children, even of the kindergarten age, to be "city guardians of art" by a systematic effort to teach them to pick up bits of glass in the road, to care for plants and flowers, to refrain from marring the beauty of public buildings or any property, to protect art, prevent vandalism and eventually another wave of crime.

A distinct impression was made upon the little city of Pomona by the thousand or more visiting guests, delegates and officers of both the State and federation, and by the automobiles, gay with banners of the various clubs. The pretty clubhouse of Pomona Ebels was a spring garden in its adornment of flowers. From early in the morning, Mrs. Harold Dewey, president, with her host of helpers, made all welcome and happy. Sessions are held in the Pilgrim Congregational Church, which adjoins the clubhouse, where committees met. It was here last night that the painting in oils of a California canyon, a canvas of beauty, by William Wendt, was unveiled with appropriate ceremonies and presented as an art memorial to the soldier dead of the district by Alma May Cook, district chairman of art.

Today will be held the election of officers, with additions to the ticket made by nominations from the floor. Those whose names appeared on the ticket last night were: President, Mrs. John C. Urquhart; vice-president, Mrs. J. S. Trewhella; Mrs. Fred B. Kuck; recording secretary, Mrs. C. L. Ritchie; Mrs. John T. Coleman; treasurer, Mrs. Warren Holden; auditor, Mrs. F. T. Bicknell. The event of today will be the annual press luncheon, for which every available ticket has been taken. Mrs. J. H. Morford, district chairman of press, will preside. It is planned to keep the gridiron hot and high jinx unrestrained.

The speakers of the day will be D. Townsley, director of the Otis Art Institute, subject "Art for the People"; Miss Rita Wieman, "Modern Plays and Playwrights"; Arthur Farwell, "Musical Evolution Today"; Miss Jasmine Britton, "The Child and the Book"; Rev. G. Bromley Oxenham, Mrs. S. T. Exler, Mrs. M. A. Levy and Mrs. George L. Von derheide presiding.

## The Ground Gripper Rotor Heel Overcomes Lost Motion in Walking

If you were to closely observe the detailed motion of the foot in walking in the ordinary shoe you would see a tendency of the foot to slip at every step—a lost motion.

In Ground Gripper shoes this is overcome by the Rotor Heel which pivots the foot at every step and by the flexible shank which overcomes the primary cause of lost motion through heel slipping.

For men, women  
and children.

## BRADLEY'S HIGH GRADE LIQUID PAINT

## "High Grade"

These words used with Bradley's Paint tell a convincing story of years of painstaking, conscientious and successful effort to maintain a uniformly high quality.

The unanimous endorsement of master painters who have known Bradley's Paint for years indicates without question that the words "high grade" are most conservatively used.

# Things the Censor won't let you see in the Movies.

DO YOU know that in one state a kiss may not be shown on the screen for more than five seconds?

The censors of the same state will not let you see a picture in which a happy young wife is shown sewing on baby-clothes. And they hastily conceal from your horrified gaze a title reading "if we only had a little one of our own"—supposed to be spoken by a wife to her husband.

Some of these things the censor will let you see in one state but not in another. In one, for instance, they will not let you see girls in one-piece bathing suits, although in another they have pronounced such garments entirely proper. In a certain state they forbade Jack London's "John Barleycorn" on the grounds that it encouraged intemper-

ance, although everywhere else it was shown as an argument in favor of prohibition.

One state barred the "The Birth of a Nation". Another ruled against a patriotic film called "The Little American". A third refused a showing of "The Miracle Man", although in all the others it was commended as one of the most uplifting pictures ever produced. In certain localities pictures showing disputes between capital and labor are under the ban. The funny "Keystone Cops" were prohibited in one city on the grounds that they created disrespect for the police.

No one knows more about the actual workings of the censorship than Jesse L. Lasky, Vice-president of the Famous Players-Lasky Corporation. Read what he has to say about it in

### When dreams are danger signals.

Suppose you dreamed again and again that a savage cat was clawing at your throat, and then, quite by accident, your doctor discovered that you had a throat tumor—would you call it a coincidence?

Or if you had a vivid dream that you had been cut in two, and two days later you had been stricken with paralysis of one side—would you say it was merely chance?

Science has now made the startling discovery that it is perfectly sound instinct that makes us believe that dreams are warnings.

In this second of his series of startlingly revealing articles on dreams, H. Addington Bruce tells us how we can recognize and profit by these danger signals.

## Galusha Bangs—Hero

You have to laugh at him, but you can't help loving him too

He was a queer bird—"kinder cracked on graveyards and tomb-stones"—but harmless. All the Cape Cod folks said so.

And certainly queer doings began that wet night when he loomed out of the fog from nowhere and fainted dead away at the feet of "Miss Marthy Phipps," spinster.

Queer, too, were the consequences that followed his chase through the grave-yard after his runaway hat. And that time that he went to the spirit seance—

He was so helpless and timid—yet, somehow, everybody found that he held their destinies in his hands!

You have to laugh at "Galusha"—the funny, absent-minded little professor who was raised to be a banker and turned out an Egyptologist—but you can't help loving him too.

The world needs to laugh just now, and Joseph C. Lincoln has put into "Galusha" a humor so irresistible that you couldn't help laughing if you tried.

Says the editor of Pictorial Review: "We have read 'Shavings,' and 'The Portygee,' and 'Cap'n Er' and 'Obadiah' and we want to say that 'Galusha' is the best of the lot." Read this opening installment and understand why.
